HAMLIN, TEXAS, JULY 3, NINETEEN HUNDRED AND FIFTY-EIGHT  
THURSDAY

ISSUE 36  
NUMBER

VOLUME 53  
NUMBER 53

**CHARLES PREWIT**, son of Mr. and Mrs. L. E. (Gene) Prewit, accompanied his parents the other day to Dallas, where they and other Hamlin people attended the convention of Rotary International.

While mingling with the huge crowds of Rotarians from all over the world, young Prewit decided he would pick up a few autographs of some dignitaries from far-away places, which he proposed to take back home and show off to his friends.

His parents and older brother, Ken, helped him spot some of his prospects, one might assume.

Anyway, Charles came back home with autographs from people of Peru, Colombia, Brazil, South Africa, India and other interesting spots of the world.

The Prewit boys will tell you also that Dallas didn't fail to provide plenty of interesting entertainment features for children of the Rotary convention attendees.

**A GARAGE MAN** of Hamlin answered the distress call of a woman motorist out on the Aspermont highway the other day whose car had stalled. He responded to the call and made an examination.

"Your car is out of gas," he stated.

"Will it hurt the car," she said, "if I drive it home with the gas tank empty?"

**TALKING LIGHTS** is the heading of a column of quips in a magazine coming to our desk that contains some perky paragraphs that deserve wide circulation through this column:

All too often a clear conscience is merely the result of a bad memory.

One humiliating thing about science is that it is filling our homes with gadgets that are smarter than we are.

It's too bad people can't exchange problems. Everyone knows how to solve the other fellow's.

June is the month when women are more interested in what the birds are married in than what she is married to.

The awkward age for girls is between teddy bears and wolves.

There's only a slight difference between keeping your chin up and sticking your neck out, but it's worth knowing.

The person who drives recklessly has little cause to worry that he may be wiped out by an H-bomb.

Few things will ruin a person quicker than having nothing to do and a lot of money to do it with.

Many a person became a hero because he acted so quickly in an emergency he didn't have time to think.

Revised advice: If at first you don't succeed, try something that's easier.

"The onion belongs to the silly family," says a garden columnist. It must be an in-law.

**CITY OFFICERS** the other day picked up a tramp and carried him to the police station and city jail. The knight of the road was told to take off his clothes and take a bath.

"Me go in the water?" he asked astounded.

"Yes, you need it," said the chief of police. "How long has it been since you had a bath?"

"Well," replied the tramp, "I ain't never been arrested before."

**A HAMLIN WOMAN** was doing a little boasting to her neighbor about how she and her husband got along. They never had a fuss nor a fight—to hear her tell it. But the neighbor was naive in her reaction. She merely handed her a little poem that said a lot in a few well chosen words:

I never look for arguments,  
I'm very rarely in one;  
I think that they're a waste of  
time,  
Unless, of course, I win one.

**WHEN H. G. WELLS** was attending a dinner in New York, he overheard a snatch of conversation between a Cuban guest and another diner. The Cuban was discussing his family.

"My people," he was saying, "live in Havana. Eleven of my relatives are in jail there now."

Wells pricked up his ears. "Pardon the interruption, señor," he whispered urgently, "but tell me, how does one go about getting one's relatives in jail?"

**JURY DUTY FOR ACTRESS AND HUSBAND**—Stage and star Greer Garson and her husband, Orlan E. E. (Buddy) Fogelson, stand together as they are sworn in for a week of jury duty in Dallas. The actress was later accepted as a juror in a civil case that got underway in the Dallas County courthouse.

## Demonstrations on Rat Control Slated

There will be a three-day rat control campaign in Jones County on July 7, 8 and 9, according to information received this week from County Agent Kirby Clayton.

R. E. Adair and Sid Knight with the Rodent Control Service in F. Worth will be here to put on the demonstrations, in cooperation with the county agent and the Jones County Farm Bureau. Over

## Traffic Movement To Be Watched on Holiday Period

Traffic movements in the Hamlin area as well as the rest of the section will be thoroughly watched during the holiday period.

Major Wilson E. Speir, regional commander of Region 4 of the Department of Public Safety announced this week that Operation Deathwatch for the three-day July 4 holiday period will run from 12:01 a. m. July 4 through 11:59 p. m. July 6. A total of 28 motorcades have been predicted for this period.

Major Speir said that all uniformed enforcement personnel of the motor vehicle inspection service, license and weight service and highway patrol service of the Department of Public Safety would be assigned traffic duties during this period. All holidays and days off have been cancelled. Patrolmen will operate radar extensive-ly during this holiday period in an effort to reduce the death toll.

Speed and driving while intoxicated will be the primary targets of patrolmen during this period as these two violations contribute to traffic deaths more than any other violations.

Motorists are urged to cooperate in the reduction effort by observing all traffic laws, drive defensively, don't gamble your life and those of your loved ones on a few seconds you might gain by driving at excessive speeds.

"Let's commemorate the Fourth of July in the proper spirit and live for others to come," Speir said.

## New Air Conditioners Installed by Baptists

Major operation for a huge crane mounted on a truck was necessary to installation of two huge water air conditioners at the First Baptist Church. Installation was completed a few days ago. They are of 13,000-cubic-foot per hour capacity.

The big air conditioning units were hoisted some 30 feet above the ground and mounted on special stands at the rear of the church. A \$1,000 refrigerated unit was installed in the nursery department of the educational building.

## City Takes Option On Water Increase From Stamford

The City of Hamlin has exercised its option to buy as much as 1,000,000 gallons of water per day from Stamford. For the past almost five years the city had been operating under a contract calling for a minimum of 500,000 gallons.

Under terms of the original agreement between the two cities Hamlin had to exercise the option to take the larger amount at the same rate within the five-year period. Only two months remained to take the action.

In the year 1956, Hamlin purchased a little more than the half million gallons contracted for, but in 1957 it failed to use that amount. Under terms of the contract, Hamlin paid \$532.29 per month, and if water was not used one month it could be used another. This unused water could accumulate but had to be used within a calendar year or was lost.

Under the new contract now in effect, Hamlin must pay \$1,064.58 per month and must take as much as 12,000,000 gallons per year. Should this much water not be used within the calendar year, then it will be lost to Hamlin.

For all over the minimum amount of water used Hamlin pays five cents per 1,000 gallons. A pro rata charge also is made for power used in pumping the water from Paint Creek Lake, northeast of Stamford, to Hamlin.

## Dr. Tom Johnson to Be In Methodist Pulpit

Dr. Tom Johnson, executive secretary of the pension endowment division of the Northwest Texas Methodist Conference, will be in the pulpit of the First Methodist Church Sunday morning at 11:00 o'clock, it is announced. At the evening service the new youth director of the church, George Ellis of Abilene, will have charge of the services.

Pastor Edmund W. Robb of the local church and wife left last week for Washington, D. C., where they are attending the national convention on evangelism. He is a delegate from the Northwest Texas Conference.

**LOOCAT BABY SITTER**—Pretty Sandra Hudson, 16, of Kermit makes holding a bobcat seem an easy task. Sandra is the official baby sitter, appointed by the kitten's owner, Fred Hudson, whose duties include feeding and pampering the kitten in his waking hours.

**HEAVY RAINS HIT ALPINE**—Bob Stovall (left) with seven boys aboard drove into the flood waters of Alpine Creek racing across a dip on Sixth Street. The waters carried the pick-up truck downstream almost a block without turning it over. The boys swam out of the water without injury. Mike Larsh (at right) was one of the passengers. Alpine was hit by over five inches of rain in a matter of a few minutes.

## Hamlin Businesses to Close Friday for Independence Day

### Four-Meeting Short Course on Cotton Insect Control to Be Held at Hamlin

Cotton farmers of the Hamlin territory will be interested in a cotton insect control short course that is scheduled to get underway in the agriculture building at Hamlin High School next Monday, July 7, according to T. C. Blankinship, local vocational agriculture teacher.

The course, being organized by Blankinship, will be conducted by H. A. Turner, insect control specialist stationed at Texas A. & M. College.

The short course, the first of its kind to be held in this area, will launch a new program which is designed to make specialized training available to farmers on a short course basis through the auspices of the public schools.

Under the program now being developed by the vocational agriculture division of the Texas Education Agency, services of specialists in various technical agriculture fields are to be available to public schools with vocational agriculture departments upon request of VA teachers and school superintendents. Specialists are to be stationed at A. & M. College and their work is to be coordinated through the agricultural education department headed by E. V. Walton.

Main purpose of the short course is to be held at Hamlin will be to offer training that will enable farmers to develop and carry out an economical and effective cotton insect control program. Blankinship pointed out.

Blankinship explains the program agenda as follows:

The course is expected to extend over four meetings. The first will be devoted to identification of both harmful and beneficial cotton insects; to recognition of nature and extent of their damages; and

## John Howard Jr. To Be Installed as Rotary President

John V. Howard Jr., Hamlin grocer, will be the center of festivities Wednesday at noon when new officers will be installed at a special program of the Rotary Club at the oil mill guest house. He will be installed as new president to succeed L. E. (Gene) Prewit.

Other officers to be installed will be Prewit as vice president; Tommy Davis as secretary; and Rev. Edmund W. Robb as a new director. Hold-over directors are R. L. McClung, Foster Cook and Earl Smith.

Special guests at the luncheon will be ladies of the Rotarians and several invited guests.

Featured speaker for the program Wednesday will be Rex Felker, former resident of Haskell, who is manager of the Quannah Chamber of Commerce. His topic will be "My Home Town."

The club's fiscal year begins July 1. New officers were elected several months ago.

## Stamford Rodeo, Visits and Picnics Provide Outings

Hamlin business activity will be practically at a standstill Friday, since almost every firm in the city will observe the Fourth of July as a holiday by closing, a tabulation by The Herald reveals. Only a few service stations and cafes will remain open, and these probably for only part of the day.

The Fourth of July holiday is one of six holidays approved early in the year by a vote of business establishments that will be observed during the year when businesses will close. It is the second holiday of this year, the first having been Memorial Day, May 30.

No special activities in celebration of the day have been planned for the Hamlin community, except visits of relatives and friends and some picnics. The swimming pool at the City Park, of course, will be open. A baseball game or two probably are on tap.

Stamford's Texas Cowboy Reunion, which began Wednesday, will climax its runs Thursday and Friday. Scores of attendants will attend the rodeo performances each night. A matinee performance is scheduled at 2:00 o'clock Friday.

Two Hamlin cowgirls are participants in the parade and grand entries at the reunion—Wyvonne Conner and Rebecca Ann Ferguson.

## Another Gain Made In Attendance at City Sunday School Totals

Another gain in attendance was registered by Sunday Schools of Hamlin churches last Sunday. The 1,253 total was 27 more than the previous week and 84 more than the year ago total.

Attendance, by churches, for June 29, June 22 and a year ago follows:

Churches—	29	22	Ag
Ch. of Nazarene.....	78	88	75
Mexican Baptist.....	58	61	55
Assembly of God.....	38	35	56
Calvary Baptist.....	37	48	47
Church of Christ.....	156	154	137
Sunset Baptist.....	50	49	47
Faith Methodist.....	34	48	45
Foursquare Gospel.....	56	64	55
First Methodist.....	206	185	188
Oak Gr. Col. Baptist.....	86	60	55
No. Cen. Baptist.....	90	70	65
First Baptist.....	364	364	344
Totals.....	1253	1226	1169

## Returns of Grain Crop Accounts for Much of Increase

For the first time in several years, deposits at the Farmers & Merchants National Bank went above \$5,000,000 this month. In the official statement issued in response to call by the comptroller for the close of business on June 23, deposits of \$5,031,167.23 were tabulated.

Due principally to returns from the record grain crop in the Hamlin area, the deposits were more than half a million dollars above the deposit total of \$4,602,855.93 tabbed in the last previous statement of March 4.

Loans of \$1,564,331.68 in the latest statement compare with \$1,613,246.90 on March 4, showing a slight decline, no doubt due to pay-offs from the grain crop.

Other items on the resource side of the June 23 statement include: Building, furniture and fixtures, \$28,359; other real estate, \$2,350; municipal bonds and warrants, \$292,665.68; Federal Reserve Bank stock, \$6,000; U. S. government bonds, \$1,059,186.46; CCC loans, \$987,394.62; and cash on hand and due from banks, \$1,497,000.78.

On the liability side of the statement are: Capital stock, \$100,000; surplus, \$100,000; undivided profits, \$202,695.18; reserves, \$3,425.81; and the deposits.

## Curb and Gutter Plan Progresses in Hamlin

Curb and gutter program of the city of Hamlin continues to roll along steadily, reports Bill Rountree, city superintendent, under whose supervision the work is being done.

City crews recently have completed 12 more blocks of the work, and several other blocks have been signed up. Twenty-eight blocks of curb and gutter work was done last year in the city, Rountree reports. The work is being done to drainage specifications of a qualified engineer, and should handle water drainage correctly.

The work is being done at cost, 85 cents per running foot. The superintendent urges that owners sign up at least a block of property in order to qualify for the work.

## New Carroll Station Completed Near Y

Workmen have recently put the finishing touches on the new service station and wholesale office of Clyde Carroll's Cosden Station at the McCaulley Y in South Hamlin.

The station, modern in design and arrangement, provides service pumps fronting on the Anson and McCaulley highways.

## Who's New This Week

Mr. and Mrs. Troyce Hargrove of Goldsmith are announcing the birth of a daughter, who has been named Kathy Denise. She was born last Wednesday noon and weighed eight pounds one ounce. Grandparents are Ceph Turner and Mr. and Mrs. W. C. Hargrove of Hamlin.

Two new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Both boys, they are:

A boy for Mr. and Mrs. Bobby Ray Furr, who arrived June 23. His weight was checked at seven pounds six ounces. He has been named Rickie Joe.

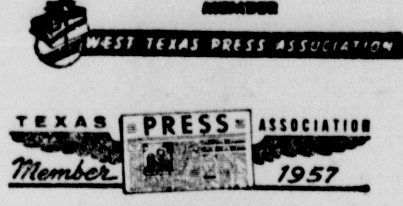

A boy for Mr. and Mrs. Buford Griffin was born June 21. The little fellow tipped the scales at five pounds 14 ounces, then accepted the name of Larry Eugene.

## PLAYING IT SAFE ON THE FOURTH OF JULY

Most Americans are good drivers—the high traffic toll notwithstanding.

This pot on the back for the average motorist comes from the National Safety Council as it opens its annual appeal for Fourth of July holiday safety.

The council makes a good point: With upwards of 70,000,000 vehicles whizzing past each other only a couple of feet apart, the average driver must make 20 to 50 decisions an hour, many of them literally involving life or death. Last year's all-time low death rate of 5.9 fatalities per 100,000,000 miles of travel proves that most drivers made the right decisions.

Most of us want to be good drivers. We pride ourselves on our skill and common sense. We obey the law. We don't want to hurt ourselves, our families or the stranger in the other car. Then why do we have accidents? Carelessness?

Carelessness is a catch-all word that covers a multitude of sins. Good drivers that we are most of the time, every one who has ever been behind the wheel of a car remembers

the near misses—and our accident toll is made up of those that didn't miss.

We get tired. We burn up at some minor rudeness by another driver. We drive a little too fast. We take chance in passing. We think a couple of drinks can't do any harm. Or, due to any one of a hundred distractions, we let our attention waver from the road for an instant beyond recall.

The National Safety Council estimates that more than 45,000,000 cars will be on the roads over the three-day Fourth of July holiday. So don't be a good driver most of the time. You can't afford to make even one mistake.

But, what about us here in the Hamlin community? Traffic accidents don't always happen to the other fellow, you know. We who drive automobiles have a responsibility to help control the accidents in this section. We owe it to ourselves, our loved ones and others who drive with us and walk on the thoroughfares to help preserve life and property every day that we drive.

Traffic safety is everybody's job, every day of the week.

## The Yankee Peddler

Among the picturesque characters who have enriched our history and who today sweep in endless waves across our TV and movie screens, the heavily burdened figure of the Yankee peddler is only rarely seen. And yet the peddler in his heyday was a major and much-discussed factor in our nation—at times reviled, despised and distrusted; at other times liked, admired and trusted; and at all times needed.

There, was in the early days a great necessity for a middle-man who would bring the goods of the cities to the isolated settlements of the expanding frontier. Roads, when they existed, were horribly inadequate and often dangerous. The peddler with his heavy pack slung over his shoulders, trudging from town to town, enduring the physical hardships, the risks, the complete lack of the ordinary comforts and security of a home of his own—this peddler became the link between the factory and the consumer.

The decline of the peddler with his ingeniously packed inventory of combs, pins, crockery, medicines and what-not can be blamed on (or credited with) the improvement in transportation facilities. As roads became more passable, the ambitious peddler started his own store, assured that he could get merchandise from the factories. His customers now came to him, and his social status rose sharply. No longer a nomad, the Yankee peddler had finally attained the aura of respectability which he had previously lacked so glaringly.

## Nuggets of Thought

In the service of love, sacrifice becomes a grace.—Albert Einstein.

We do not love people so much for the good they have done us as for the good we have done them.—Tolstol.

One's love for God is equal to the love one has for the man he loves least.—John J. Hugo.

There are more people who wish to be loved than there are willing to love.—Sebastian Roch Chamfort.

Things endure in human affairs when they are made not of pride and power, but of humility and the love of truth.—Walter Lippman.

Poverty does not mean the possession of little, but the non-possession of much.—Antipater.

A gem is not polished without rubbing, nor a man made perfect without trials.—Chinese Proverb.

If it is not right, do not do it, if it is not true, do not say it.—Marcus Aurelius.

The secret of success in life is known only to those who have not succeeded.—John C. Collins.

## Handshake Said "Howdy"

Charlie is a friendly sort of fellow with a cheery smile. His handshakes say "Howdy." Often he stands at the church door to greet the people as they enter, giving the same attention to all.

His friendly smile and his genuine handshake make church members and strangers alike glad they came. Charlie shakes hands with everybody, often going up and down the aisles to shake hands with all who are in reach of his big, friendly hand.

No one feels that Charlie overdoes his handshaking. There is no "put on" about it. He is really glad you came to church and his greeting proves it.

Strangers never come to the church without getting a friendly greeting from Charlie. They often leave with the feeling that it is a friendly church. Probably the reason they do is because of the friendly handshake from a humble Christian man by the name of Charlie.—Sam W. Scantlan.

## Editorial of the Week

### OTHER FOLKS' PROBLEMS

Sometimes questions can be more revealing than their answers. So it was at the latest white house press conference. As reported, one query was to this effect: Why, although the United States is one of the strongest powers in the world, cannot it resolve difficulties in other countries before they reach a crisis?

The question reflects the wonderings of many Americans about France, Lebanon, the Nixon trip. The president made a useful reply, pointing out that problems are usually inter-related, that trying a "do something about Formosa or France" immediately affects "three other countries." A simpler answer might have been: "Because the United States is not omnipotent." Eisenhower suggested this when he observed later that the United States must act as a partner, not as a "boss."

The American people have newly come into a position of world leadership. They are having to learn hard lessons about that role—especially that there are sharp limitations on what can be done about other folks' affairs.

Millions of Americans were shocked by the hostility the Nixon trip disclosed in Latin America. Millions are frustrated now watching France and Lebanon slide into crises which weaken the whole front of free peoples. But these problems are not the kind that American power can resolve. There are things the United States can do. More awareness of other peoples' feelings would help. Less honoring of Latin dictators, more active support for individual freedom, effective trade, aid, and defense policies—these are feasible.—The Christian Science Monitor.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### THIRTY YEARS AGO.

Goings-on in the Hamlin community 30 years ago included the following, being news briefs taken from the issue of The Hamlin Herald dated July 6, 1928:

W. F. Johnson, the drug man, was taken back to the sanitarium in Abilene Monday because of new illness.

Mrs. H. D. Neff and daughter, Mary Helen, are visiting friends at Haskell.

Editor J. W. Gay Jr. of The Ladonia News and The Wolfe City Sun arrived Thursday to visit his parents, Mr. and Mrs. J. W. Gay Sr. at Hamlin.

Storms did considerable damage in the Hamlin section last Friday afternoon. The Neinda school house, store and several homes there were damaged south of town. A house on the Pringle Moore Ranch northwest of Hamlin was moved several feet by the high winds.

Dr. L. P. McCrary will leave next Thursday for Denver, Colorado, where he will attend lectures on eye, ear, nose and throat treatment.

### TWENTY YEARS AGO.

Items of interest in the news 20 years ago at Hamlin included the following, reproduced from the issue of The Hamlin Herald dated July 1, 1938:

Hamlin members of the Texas Cowboy Reunion Association, composed of old-time cowhands, will help celebrate at the Texas Cowboy Reunion and Rodeo at Stamford July 4, 5 and 6. Members of the group at Hamlin include J. A. Edwards, J. L. Drake, M. Dawson, W. A. Archer, Mrs. J. C. Blanton, Leri Bush, Pat Collins, G. V. Calvert, Terry Cooper, Ollie Estes, J. W. Easterwood, W. M. Estes, Will Fomby, Dave Harris, R. L. Harris, Mrs. J. J. Herbst, O. S. Hunter, E. W. Johnson, C. S. Low, Mrs. Willie Martin, U. T. Medford, W. C. Medford, Mrs. A. D. McLaughlin, A. A. Oliver, D. W. Stephens, T. R. Stovall, W. L. Walton and J. W. Yopp.

Application of the city of Hamline for \$65,400 as a WPA grant for waterworks improvements has just been approved by officials in Washington, according to a telegram from Congressman Clyde L. Garrett.

### TEN YEARS AGO.

From the issue of The Hamlin Herald dated July 9, 1948, the following news briefs of 10 years ago are reprinted:

W. R. (Bill) Terry was installed as president of the Hamlin Rotary Club at the weekly luncheon meeting Wednesday at noon. Other officers installed were: J. C. Turner, vice president; and C. G. Green, secretary.

A jury in 104th District Court in Abilene Tuesday afternoon supported the findings of the Fisher County grand jury when it also found that 391 cases of beer seized May 12 by Abilene agents of the Texas Liquor Control Board from the Hamlin VFW clubhouse were not contraband beverage. The materials were returned to the veterans.

Mr. and Mrs. Bill Rountree and Mr. and Mrs. Clinton Barrow left Saturday for California for a two-week vacation.

### FIVE YEARS AGO.

Files of five years ago reveal the following news items of the community five years ago, taken from the issue of The Hamlin Herald dated July 10, 1953:

Support price for wheat has been set by the government at \$2.21 per bushel.

Four Hamlin Boy Scouts—Don Adair, Carl Weaver, Ronny Parker and Davey Weaver—will leave Saturday for California, where they will attend the national camporee.

Darrell Gene Grice of Hamlin and Elizabeth Stevens of Birmingham, Alabama, were married in rites in the Edgewood Presbyterian Church in Birmingham on Monday evening.

### ONE YEAR AGO.

News events in the area of one year ago included the following, reprinted from the issue of The Herald dated July 4, 1957:

Estimated yield of 250,000 bushels of wheat will be harvested in the Hamlin area, bringing an income of some \$600,000 to farmers of the section.

Bank deposits are holding up well at the Farmers & Merchants National Bank, despite big drains by farmers. The statement for June 30 shows deposits of \$4,043,906.32, down nearly \$150,000 from the March 14 statement.

## Government Aid to States, Cities and Individuals Enormous, Says Burleson

A fundamental and continuing issue is before the American people. It is not a political issue in the sense of candidates or party. It is one from which most want to shy away, declares Congressman Omar Burleson, in his weekly news release to The Herald. The news letter continues:

It is the matter of so-called great-in-aid to states, cities and individuals. It involves 105 different programs. For the fiscal year 1957 it amounted to \$6,500,000,000.

On several occasions in recent years the Supreme Court has said, in effect, that the federal government may control that to which it contributes. The decisions do not say the federal government must control, but that it may control.

The issue is: Should the federal government tax its citizens and return to them in the form of grants, some of the money collected, or should it collect less money by lower taxes, leaving the local governments to collect the taxes and provide the programs it wants?

Should the federal government tax the people, decide what the needs are, and the degree of control to be placed over the programs by the bureaus, commissions or departments administering the programs.

Grants increased 25 per cent from 1956 to 1957. It is estimated that in the coming fiscal year these grants will exceed \$8,000,000,000.

In 1953, soon after President Eisenhower took office, he suggested to the governors of the states that a joint federal-state action committee be set up to study this question.

The most the committee did was to recommend a reduction of the federal excise tax on local telephone service from 10 to six per cent, and that the states levy the tax instead, to finance pro-

grams costing about \$105,000,000 a year. This sum would be supposed to take care of vocational education, municipal waste treatment plants, advance planning for slum clearance projects and disaster relief for damage to public facilities.

All of this is a drop in the bucket compared to total grants, and besides it deals with a tax on communications which was supposed to be a temporary war-time tax.

The mayors of all the big cities, with one or two exceptions, opposed reductions in federal grants. So do the state governors.

How does our state of Texas fare under the state allocations of grants-in-aid?

Texas was second only to California in the amount received in 1957. Texas received \$453,969,000. Based on a population of a little over 9,000,000, this amounts to \$50 per person. Incidentally, this compares with \$38 per capita for the nation as a whole. Our state paid \$2,567,739,000 in total taxes, or 32 per cent of the total taxes into the United States treasury during 1957, and received seven per cent of all grants made by the federal government.

Everyone is for states' rights, but we must wonder how long it will be before all states and local governments have sold these rights to the federal government. Remember what the highest courts in the land have said: "The federal government has the right and may control that to which it contributes."

# CLOSED

More and more the freedoms that we in this liberty-loving country enjoy are cherished when we reflect on the fact that so much of the world today is still in turmoil and confusion. What our forefathers fought for and brought down to us, we are determined to keep as our heritage. These freedoms have stood the tests of 181 years. They shall continue to be ours only through zealous alertness against the threatening hordes that would destroy these principles.

Farmers & Merchants National Bank of Hamlin will be closed next Friday, July 4, in observance of Independence Day. We ask that you please arrange your banking business accordingly.

## Scores of Hamlin Area People Will Attend Reunion

Scores of Hamlin area residents are due to be in Stamford next Wednesday, Thursday and Friday for the annual Texas Cowboy Reunion.

Texas Cowboy Reunion has the distinction of being the world's largest cowboy rodeo judged according to the number of amateur cowboy contestants entered each year who compete for the hand tooled saddles and day money winners in the various rodeo events. W. G. Swenson, who has been president of the organization since it began in 1930, is justly proud of the growing number of these contestants and the fact that the competitive spirit has been maintained throughout the years.

Among the contestants who enter year after year are ranch hands, ranch foremen and ranch owners. The reunion officials are always pleased with such entries as Sam Baugh, the famous football player whose prowess is known throughout the United States for his fine game when he was at Texas Christian University and the Washington Redskins. At present he is football coach at Hardin-Simmons University and also operates his own ranch, the Double Mountain Ranch between Rotan and Aspermont. Sam Baugh, still lean, rugged and active, has competed many years in the calf roping events at the Cowboy Reunion. He is assisted at the ranch by his wife, four sons and one daughter.

When approached by a reunion official he was wearing a pigskin rope at his waist and he remarked that a man had to practice at roping these days as he could remember when 17 or 18 seconds' time roping and tying would win but not any more.

### QUICK ON THE GAB.

Once upon a time there were three bears . . . the Papa Bear, Mama Bear and Baby Bear. Papa and Baby sat down for their porridge and discovered their bowls empty.

"Somebody ate my porridge," bellowed Papa Bear.

"Somebody ate my porridge, too," cried Baby Bear.

"Oh, be quiet," snapped Mama Bear. "I haven't even served it yet!"

**CHECKING ON BRANDS**—Marvin Cobb from the Cobb community east of Stamford and Virgil Hudson of Haskell, secretary of the Texas Cowboy Reunion Association (above), are discussing some of the brands at the old timers' building on the rodeo grounds. As the reunion and rodeo, scheduled Wednesday, Thursday and Friday at Stamford, is upon them, the two men are wondering how many of the more than 100 brands around the rotunda will be represented at the reunion. Many Hamlin area people will attend.

## Handling Legislation Over Space by U. S. Requires Faith, Declares Senator

The space agency bill passed by the Senate last week without opposition had been reported by unanimous agreement of the special Senate committee on space and astronautics, declares U. S. Senator Lyndon B. Johnson in his weekly release to The Herald. He continues: I am chairman of this committee, and I have never served with any group that approached its work with greater seriousness.

That is as it should be. Man presumes much when he presumes to bring the dominion of the stars within the purview of his legislative processes and under the jurisdiction of his administrative agencies.

Some say we now stand at the edge of the battleground for Armageddon. Others believe we are poised before the plains of the millennium. In either case, we have no national option but to marshal our resources, order our course and proceed beyond the shelter and sanctuary of earth's atmosphere into the realm of the limitless unknown.

To proceed prudently—or to proceed at all—we must of necessity proceed by faith. Humility is a proper companion for this national journey.

As a nation, we are motivated not by fear, but rather by great confidence that extension of our capacity into the realms of space will some day bring release from fear—for ourselves and all mankind.

We are moved by no thought of aggrandizement. We have no intention of planting flags of conquest upon the planets or of laying annexation claims to the stars.

We do propose that space shall never become the route of march for tyrants and totalitarianism and, as we have dedicated our resources in the past to maintaining the freedom of the seas and the security of the skies, so shall we dedicate our national capacity to maintaining the neutrality of space.

Space neither invites nor necessitates any re-definition of American goals and aims.

The goal of peace and liberty has led Americans throughout our history to explore the dimensions of challenging frontiers. Our goal now remains unchanged.

The nature of space, we must recognize, is quite apart from the nature of land frontiers. We were permitted, in the development of the American West, to roll back the unknown at our leisure, confident as we did so that such gains as we claimed would be permanently ours. With space, neither such leisure nor such confidence is permitted. Space has given priority to a

## Mrs. Faulkenberry Dies Friday at Age Of 97 at Residence

With less than three years of attaining the century mark, Mrs. J. O. (Adaline) Faulkenberry, who had been a resident of this section for 44 years, succumbed at the family residence, south of Hamlin Friday night at 10:20 o'clock. She was 97 years of age. She had been seriously ill for about a month.

Born in North Carolina on July 25, 1860, she was the daughter of Mr. and Mrs. Walter W. Cline. After attending North Carolina schools, she married J. O. Faulkenberry in Georgia in 1883. The couple moved to Texas on Christmas Day, 1898, and came to Jones County in 1914. The husband died in 1939.

Mrs. Faulkenberry was a member of the McCauley Methodist Church.

Final rites for the pioneer were conducted Sunday afternoon at 3:00 o'clock at the McCauley Baptist Church. Officiating was the pastor, Rev. Gene Y. Brock, assisted by Rev. Gene Moore, pastor of Faith Methodist Church of Hamlin, and Rev. Calvin Bailey, pastor of the First Baptist Church of Hamlin.

Burial was in the McCauley Cemetery under direction of Hamlin Funeral Home. Pallbearers were grandsons of the deceased.

Surviving the pioneer are six sons, Walter Faulkenberry of Rising Star, Ira Faulkenberry of Weatherford, Eldra Faulkenberry of Irving, Henry Faulkenberry of Lubbock, and Luchies and Claude Faulkenberry of Hamlin; two daughters, Mrs. H. A. (Cora) Barnes of Morton and Mrs. E. C. (Nannie) Barnes of Brownwood; 33 grandchildren and 75 great-grandchildren.

## Stored Grains Need Close Protection from Insects, Says Agent

Stored grain insects will take a heavy toll of Jones County's small grain crop unless farmers take precautionary measures to control them, according to County Agent Kirby Clayton.

Farmers storing small grain on farms should first spray the bins with a DDT solution and then treat the stored grain with a reliable fumigant to control the insects infesting the grain. County Agent Clayton recommends either a mixture of 25 per cent carbon tetrachloride and 75 per cent ethylene dichloride at the rate of three gallons per 1,000 bushels of grain for steel bins or six gallons per 1,000 bushels for wooden bins, or a mixture of four parts carbon tetrachloride and one part carbon disulphide at the rate of one and one-half gallons for steel bins and three gallons for wooden bins.

Before applying these fumigants farmers should be sure that grain bins are as air-tight as possible and a tarp should cover the top of the grain during the fumigation process. Grains should be fumigated every three or four months for best results.

To determine the number of bushels of grain in a grain bin, multiply the length by width by height of grain and multiply that figure by .8, Clayton advises.

**SHOWS IMPROVEMENT.** The press is full of favorable reports on "the new Nixon." Shows what a fellow can do when he's really determined to get rid of a vice.

new denominator of national strength—the human mind. Unless this resource receives continuous exercise, our presumptions of security are meaningless.

We are, therefore, faced with the challenge of devising a policy and a program assuring the nation the fullest mobilization of a resource which, among free men, is not responsive to directive and command.

That is the challenge. Mankind has never faced a greater one.

This young nurse looks quite professional in her Red Cross uniform. The apron and cap were made from white cotton bags once used for packing flour. Cotton bags, which come in light prints as well as white and solid colors, also provided the fabric for the sick doll.

## Cattle Owners Urged To Utilize TB Tests Being Offered Free

Owners of cattle in Jones County are being urged by the county agent and others cooperating in a concerted tuberculosis test for the livestock to cooperate in the effort to secure a modified tuberculosis-free accreditation for the county.

The service is being offered by a veterinary livestock inspector of the Department of Agriculture as a free service to owners of both dairy and beef cattle. Any cattle from a day old up may be tested under the project.

The inspector and the county agent are making an effort to contact all owners of cattle, but owners who have not been contacted may get in touch with Dr. Sid Allen through the county agent's office at Anson, according to Kirby Clayton, the county agent.

### BIG JOB AHEAD.

"I am sorry," said the dentist, "but you can't have an appointment. I have 18 cavities to fill." Then he picked up his golf bag and went out.

The man looking for trouble does not have to take out a search warrant.

## Over 110 Attend Demonstrations on Control of Rabbits

Over 110 Jones County farmers turned out for the two rabbit control demonstrations held Tuesday of last week in the Corinth and Sinclair communities.

Sid Knight with the Rodent Control Service of Fort Worth was on hand to give the farmers the latest information on rabbit control. County Agent Kirby Clayton and Farm Bureau Service Officer Harris Wright introduced the specialist to the groups.

Knight explained to the groups of Jones County farmers that rabbits are a difficult pest to control during the spring months when plenty of green vegetation is available. However, the specialist did demonstrate the use of 1-12 poison maize and salt blocks containing salt and strychnine. Other methods of control were explained and demonstrated. Knight explained to the groups in closing that the best time to control jack rabbits is in the winter when vegetation is dead and rabbits will eat most any kind of bait or poison put out.

Over 100 pounds of poison maize was distributed to the groups. Additional poison will be available to farmers after Friday of this week through the county agent's office.

The specialist cautioned farmers that there is a chance of secondary poisoning for any animal which eats the poisoned rabbits.

The Herald has carbon paper.

## County Four-H Club Dress Revue and Clothing Workshop Set by HD Council

Members of the Jones County Home Demonstration Club Council met last Wednesday at Anson with 13 clubs represented, 24 members and six visitors present.

After roll call, visitors were recognized. Owing to the absence of the secretary, no minutes were read.

Chairman of the yearbook committee, Mrs. Glazener, took up the check-sheets which had been filled out by various clubs, to be

## Farewell Party for Mrs. Lennie Cochran Given by Phone Girls

Mrs. Lennie Cochran, service representative in the local business office of the telephone company for several years, was feted recently with a farewell party given by fellow employees in the home of Mrs. Jo Riddle.

Entertainment for the evening was provided by Bill Tidwell of Sweetwater, who showed colored moving pictures of his recent tour of service for the telephone company in Alaska.

The group presented Mrs. Cochran an electric percolator and other personal gifts as a farewell gesture. She is moving to Kermit with her family.

Guests registered in a telephone scrapbook compiled by fellow workers.

Refreshments were served to local friends and out-of-town guests from Rotan and Sweetwater.

Mrs. Cochran has been employed for the past six and one-half years in the Southwestern Bell Telephone Company business office, here and has accepted a transfer with the same company at Kermit. During her residence in Hamlin she has been active in various women's clubs and church work. Her husband, J. D. Cochran, is employed by Shell Pipeline Corporation and was transferred by that company to Kermit last year.

used in making up the yearbooks for another year.

Clubs which had not paid their \$1-per-month dues turned their money over to the treasurer.

Mrs. Maxey Harvey announced that July 20 to 26 will be Farm Safety Week and passed out some material prepared for 4-H Clubs but which would make good programs for Home Demonstration Clubs.

After club reports were given, it was announced that on June 26 at 2:00 p. m. there will be a leader training meeting on record keeping in the office of Mrs. Mary Newberry at Anson.

In Mrs. Newberry's absence Mrs. Maxey Harvey made the announcement for her that in the fall these would be a clothing workshop on basic sewing. This workshop is to be attended by leaders who, in turn, will carry it to their own clubs. She asked that each club find out how many members, or those not members, would be interested in having one of these workshops in their communities or several clubs together, and bring this information to Mrs. Newberry. House dresses only would be made.

The annual 4-H Club dress revue will be held in July, the time to be announced later.

Tuxedo club members told the council of the illness of one of the members, Mrs. Lou Polnac, who is in a Wichita Falls hospital taking cobalt treatments. Anyone wishing to write her may reach her at YWCA residence, Room 202, Wichita Falls, Texas.

The Bluebonnet Club reported the death of one of its members, Mrs. C. G. Rowell.

Delegates were elected to the state THDA meeting, which will be held at Austin on August 14, 15 and 16, at the Stephen F. Austin Hotel. Those elected to go are Mrs. Jack Fuqua of Avoca, Mrs. Elmer Joiner of Good Neighbor club and Mrs. Mary Bonneaux of Goodman club. Alternates are Mrs. Case, Mrs. Lee Williams and Mrs. Ab Hunter.

**TO MARRY HAMLIN MAN**—Engagement and approaching marriage of Della Griffin (above) of Gainesville to Barton Henry Daniel of Hamlin has been announced. The wedding date has been set for August 1 in Odessa, where Miss Griffin has been teaching school. Daniel is the son of Mr. and Mrs. G. A. Daniel of Hamlin.

## Club Leaders of County Hear Agent Give Pointers on Keeping of Records

"Records and Places to Keep Them" was the demonstration given by Mary Y. Newberry, Jones County home demonstration agent, for family economics leaders of Home Demonstration Clubs. The meeting was Thursday afternoon in the agent's office in the courthouse at Anson. Sixteen attended.

The agent said: "The success of any business depends on how well its activities and details are planned, organized and carried out. Homemaking is the greatest business in the world, therefore, each home needs a convenient place

where the family can carry on the business activities of the home. Many valuable papers, records, receipts, cancelled checks, letters, leaflets and circulars must be kept if good business methods are used. Knowing and using good business methods will help families save time, do a better job of financial management, prevent costly mistakes, prevent loss of money and avoid legal difficulties."

The many different types of business centers were discussed. The good features of a business center and the equipment to be included in the center also were pointed out.

A metal family filing box was used to show the needed records and papers that each family should have in a safety deposit box or in a fire-proof box. Manila folders were used for filing the papers and records.

The leaders will go back to their own Home Demonstration Clubs and give the training received.

Those attending were Mrs. Ab Hunter, Mrs. Sol Branscum, Mrs. B. H. Gardner, Mrs. Cal McAninch, Mrs. Sam Hodges, Mrs. Warren Hilliard, Mrs. Mack Doty, Mrs. Jack Fuqua, Mrs. R. T. Taylor, Mrs. Ola Williams, Mrs. W. J. B. Ferguson, Mrs. Maxey Harvey, Mrs. Howard Roberts, Mrs. George Hilliard, Deloris Hunter.

## Della Griffin, Odessa Teacher, to Marry Barton Henry Daniel

Announcement is being made by Mr. and Mrs. M. S. Griffin of Gainesville of the engagement and approaching marriage of their daughter, Della Griffin, to Barton Henry Daniel of Hamlin, son of Mr. and Mrs. G. A. Daniel.

The wedding will be an event of August 1 in the First Methodist Church in Odessa.

Miss Griffin was graduated from Madill, Oklahoma, High School and Southeastern State College of Durant, Oklahoma. For the past three years she has been employed as a teacher by Odessa Public Schools.

Young Daniel was graduated from Abilene High School and the University of Texas. He served in the Army Air Force four years during World War II and was discharged as a captain. He is still in the active Air Force Reserve and holds a major's commission. He is employed with the American Insurance Group as a safety engineer, with headquarters at Odessa.

## Gift Tea Given in Fowler Home for Mrs. Darrell Wheat

A gift tea hosted in the home of Mrs. Robert Fowler last Tuesday honored Mrs. Darrell Wheat, nee Brenda Hargrove. Co-hostesses were Meses, S. C. Ferguson Sr., John Barnett, H. L. Tuder, Irvin Smith, Pete Bond, A. Spencer, Earl Smith, Gene Holcomb, Raymond Selfres, Don Elmore and J. D. Cochran.

Guests were greeted by Mrs. Fowler, who presented Mrs. Walker Hargrove, mother of the bride; the honoree; and Mrs. Bob Bailey, mother of the bridegroom.

Pink and white were the bride's chosen colors. She wore a pink lace sheath with a corsage of white carnations.

The table was covered with a pastel pink cloth centered with white hearts of net nestled in pink and white carnations flanked by pink tapers. Pink punch and white cookies dotted with pink flowers were served.

After registration in the bride's book, guests were directed into the two bedrooms to view the display of lovely gifts.

Others in the house party included Rebecca Ferguson, Judith Ford, Beth Cochran, Kay Million and Carolyn Barnett.

## Patsy Ann Ashton of Rotan Becomes Bride of Doyle W. Brinegar

Double ring ceremonies united in married Patsy Ann Ashton of Rotan and Doyle Wayne Brinegar of Hamlin Friday evening in the chapel of the First Baptist Church at Rotan. Rev. Huron Polnac was the officiating minister.

The bride is the daughter of Mr. and Mrs. Ray Ashton of Rotan, and young Brinegar is the grandson of John V. Walker of Hamlin, with whom he had made his home during his childhood.

Linda Smith and Lynne Byerly presented traditional wedding music before the rituals. Tapers were lighted by Billy Ray Ashton, brother of the bride, and Howard Van Loon, Walter Miers was best man.

Maid-of-honor was Mary Lou Ashton, sister of the bride. She wore a gown of blue cotton designed with a pleated skirt. Her accessories were blue, and she carried pink carnations.

Given in marriage by her father, the bride wore a waltz length gown of nylon net over taffeta with bodice and overskirt. Her veil of French illusion fell from a scalloped lace cap embroidered with sequins and seed pearls. She carried a white orchid on a white Bible.

## 4-H Club Girls Attend Meeting to Plan for Workshop in Clothing

Twenty Anson 4-H Club girls and leaders attended a meeting in the home demonstration agent's office to make plans for a 4-H clothing workshop in Anson.

The 4-H adult leaders discussed color, lines, design, selection of material and sewing tools with the girls.

Monday was the date set for the next meeting of the workshop. Adults meeting with the group were Mrs. R. C. Huber, Mrs. Howard Roberts, Mrs. Woodrow Bagley and Mrs. Bernice Bradshaw.

Girls attending were Mary Ann Bennett, Sue Martin, Judy Gaine, Joyce Thomas, Judy Simmons, Pat Wade, Phylcia Roberts, Geneva Green, Lana Bradshaw, Josephine Lopez, Judy Moss, Cheryl Stephenson, Adella Munoz, Linda Huber, Janice Huber and Zella Agee.

## Program on Barbecue Pits Given at Meet of Friendship Group

A program on "Barbecue Pits" was presented when members of the Friendship Home Demonstration Club met last Friday afternoon at the oil mill guest house.

The vice president, Mrs. Gean Witt, had charge of a business session before the program. The club planned to send a gift to a patient at Abilene State Hospital.

Cold drinks and cookies were served to Meses, Gena Witt, Rich, and Young, M. F. Green, John Hix, Fred Young and one visitor.

## Tea at Siburt Home Honors Bride-Elect, Anna Lou Fudge

A gift tea honoring Anna Lou Fudge, bride-elect of DeVaughn Corrigan, was given Monday evening in the Austin Siburt home. Hostesses were Meses, R. E. Perry, H. R. Daniell, Eddie Jay, W. C. Seals, Art Carmichael, Art Newcomb, Lonnie Kidd and Austin Siburt.

In the receiving line were the bride-elect; Mrs. Herbert Stremmel of Sagerton, aunt of the bride-elect; Mrs. C. L. Stinnett, mother of the bridegroom-to-be; and Mrs. J. M. Stinnett of Anson.

The tea table was laid with a white cut-work linen cloth. The centerpiece was a bowl of Shasta daisies. Pink candles burned in crystal holders. Appointments were of crystal and silver. Garden flowers were used throughout the house.

Elizabeth Daniell ladled punch. Displaying the gifts were Linda Perry, Peggy Dodd and Montie Wade. Vonzell Hennington of Sweetwater registered the guests in the bride's book. Myra Siburt said the good-byes.

## VISIT FROM MIDLAND.

Mr. and Mrs. Charley Ward and son, Dale, of Midland spent Monday with Mrs. Ward's mother, Mrs. Marjory Griffin, and her grandparents, Mr. and Mrs. F. M. Crow.

## WHEN THE END COMES.

You can't tell if a man is a finished speaker until he sits down.

will live at College Station, where the bridegroom is a senior student at Texas A. & M. College. He is employed by National Geophysical Company for the summer months. He is a graduate of Hamlin High School, where he was active in school and Future Farmers of America work.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin, Texas has a fairly new addition to its long and much-vaunted list of "firsts" and "mosts." But this one's no fun to brag about.

Texas has the greatest number of designated potential enemy bomb targets of any state in the union, says State Defense Coordinator William L. McGill.

This, added to Texas' long standing record of leading the nation in natural disasters, puts a heavy responsibility for defense preparedness on Texans, McGill told the annual State Defense Advisory Council conference in Austin.

Officially designated "aiming areas," as they are called, are Fort Worth, Dallas, Houston, San Antonio, Austin, Galveston, Beaumont, Port Arthur, Amarillo, El Paso, Corpus Christi, Laredo, San Angelo, Lubbock, Waco and Wichita Falls.

Others considered possible targets because of nearby military installations are Abilene, Beeville, Big Spring, Brownsville, Bryan, Dalhart, Del Rio, Killeen, Marfa, Pecos, Poyote, Sherman, Victoria and Wink.

Texas has received a \$320,000 federal grant, conferees were told, to draw up a state survival plan. Several larger city plans are complete, and the state plan, a massive and complex think affecting the lives of millions, is due to be finished by December 31.

Rural residents cannot feel themselves invulnerable, the council was told. In case of a large scale bombing, it is felt likely that radio-active fallout would cover most of our terrain, contaminating crops, cattle, pasturage and ponds.

Under the present national civil defense plans, considerable responsibility for advance training and preparation rests with the individual family. Each would be responsible for feeding itself for the first two weeks of a post-disaster period. After that, state and local government would take over for two weeks, and after that, if necessary, the federal government would step in.

Persons or organizations wanting to obtain official civil defense information and study materials may write the State Defense and Disaster Relief Office, Capitol Station, Austin.

**Price Ads OK Again.**—In a rare reversal of one of its own rulings, the Texas Supreme Court has held it is not unlawful for optometrists to advertise the prices of their eye glasses.

Last spring the court upheld a temporary injunction issued by a Beaumont court prohibiting Lee Optical Company and others from advertising prices. The suit was brought by a competitor, Texas State Optical.

At issue was how to interpret a law passed by the Legislature in 1957 barring optometrists from advertising that is "fraudulent, deceptive, misleading . . . including statements of bias, discount, premiums, price, gifts . . ."

**FURNITURE — TV**  
**Better Buys at Buie's**  
STAMFORD  
**APPLIANCES—TRACTORS**  
1958 Studebaker 5-passenger Sedan—\$1,895

In its more recent ruling the court decided, seven to one, that the apparent legislative intent, or sense of the thing, is only to prohibit price advertising that is false or misleading.

Effect of this is to knock out the injunction against Lee Optical.

**Hot Potato.**—Attorney General Will Wilson is being asked to give an official ruling on a highly controversial question.

It is whether Texas, under present law, can accept additional federal funds to extend the period of unemployment payments. Texas Employment Commission and Governor Price Daniel are asking for the opinion.

Pros and cons already have been the subject of heated discussion. A recently passed federal law would allocate to the state, funds to provide an additional 12 weeks of \$14-a-week payments to persons who had already come to the end of their 24-week benefit period. An estimated 60,000 Texans are in this category.

But, to receive this money, the state must repay the funds to the federal government. If it doesn't get the money by some other means, such as the normal accumulation during high employment periods, it would be pledged to raise the tax on employers after January 1, 1963.

Some argue that this would violate the constitutional prohibition against pledging the state's credit. Others say there is no obstacle since the state merely serves as a collecting and disbursing agent for the federal government, with no state money involved.

Spokesmen for organized labor have strongly urged that Texas enter into an agreement to receive extra money.

**Free Rides Eyed.**—State Auditor C. H. Cavness, watchdog of departmental spending practices, has questioned use of railroad and bus passes by Texas Railroad Commission employees.

Commission Chairman Olin Culberson declared the passes were used only for official business. Use of passes for state business is specifically authorized by law for certain commission employees.

Cavness noted that 30 employees had passes and that some apparently had not traveled on state business during the past year. He said he felt it violated the new code of ethics law which prohibits a state employee's using his official position to receive special privileges.

**Holiday Heartache.**—Department of Public Safety predicts 28 Texans will die in traffic accidents during the July 4-5-6 holiday week-end.

Colonel Homer Garrison Jr., DPS director, said the highway patrol would do all in its power to make the prediction false. Every available patrolman will be on duty, plus extras from the licensing and weights and vehicle inspection divisions, to remove dangerous drivers from the roads.

Beyond that, said Garrison, it's up to each driver to do his part by following the law to the letter and not trying to drive too long.

**New Assistants.**—Attorney General Will Wilson has named four new assistants to his department. Two, who will be on temporary assignment, are Clyde Kennelly

## KERRY DRAKE

of Rosenberg and Neal R. Allen of Amarillo. Kennelly is to become Fort Bend County Judge next January.

Other two appointees are Robert Hamilton Wells of San Antonio and Richard Owen Jones of Wichita, Kansas.

**Short Shorts.**—Payments to jobless Texans took another substantial drop, according to Texas Employment Commission's latest report. Total claims dropped from 80,220 to 76,889. It only looks bad if compared to the 33,432 claims of a year ago. . . . Ben Jack Cage and 143 other persons in

some way connected with the rise and fall of ICT Company are being sued in a Travis County district court for \$15,000,000. Suit was filed by V. F. Taylor, court appointed receiver for ICT, on behalf of ICT's 60,000 creditors.

### HAPPENS THAT WAY.

Genius—"Can't understand why you failed in business."  
Friend—"Too much advertising."  
Genius—"What do you mean—too much advertising? You never spent a cent in your life an advertising."  
Friend—"That's true, but my competitors did."

### Santa Fe Carloadings For Week Show Gain

Freight carloadings for the Santa Fe Railway System for the week ending June 21, 1958, were 29,380 compared with 25,046 for the same week a year ago, reflecting a decided gain. Cars received from connections totaled 10,714 compared with 11,848 for the same week in 1957.

Total cars moved were 40,094 compared with 36,894 for the same week a year ago. Santa Fe handled a total of 37,257 cars in the preceding week this year.

### BACK FROM VACATION.

Mr. and Mrs. D. O. Wayne have returned from a two-week vacation through parts of Arizona, New Mexico, Utah, Wyoming, Oklahoma, Colorado and Kansas.

No man stands as straight as he who stoops to help a crippled child.

### Golfers from Hamlin Invited to Open House Of New Merkel Club

Hamlin area golfers and others are being invited this week to attend the opening of the new Merkel country club and golf course this week-end.

Nathan Wood, manager of the club, said the club's nine-hole golf course should be in condition for play by August 1.

Formal opening of the new club house, located one mile north of Merkel on the Hamlin highway, will be held Sunday afternoon. The air conditioned club house has large locker rooms with showers for both men and women golfers, and a 25x50-foot club room complete with wood-burning fireplace, TV set and snack bar. A complete kitchen will be added in the near future.

### MODERN LIGHTING.

When singing "God Bless America" a little four-year-old girl sang it this way: "Stand beside her, and guide her, through the night with the light from a bulb."

Advertising is not a necessity; you can quit business.

## Another Pioneer, Mrs. Rumfield, 84, Passes Wednesday

Another pioneer of the Hamlin section, Mrs. Minnie Lee Hedges Rumfield, passed on her reward Wednesday evening at the Hamlin Memorial Hospital. She was 84 years of age, and had lived in Jones County for more than 60 years. Death came after only a brief illness.

Born April 3, 1874, at Smithfield, she was the daughter of Mr. and Mrs. Reuben Hedges. She married M. L. Rumfield at Smithfield on June 18, 1890, and the young couple moved to Jones County. She died June 29, 1940. She was a member of the Sunset Baptist Church of Hamlin.

Funeral services were conducted at the Hamlin First Baptist Church Friday afternoon at 4:00 o'clock. Officiating was the pastor, Rev. Calvin Bailey, assisted by the Sunset Baptist Church pastor, Rev. Derl Lee, and Rev. Charles Hedges.

Burial was in the Neinda Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Charlie Rumfield, Ericson Tabb, R. D. Rumfield, Sherman Cook, Randy Brown and Wayne Farmer.

Surviving the octogenarian are two sons, R. O. Rumfield of Elfrid, Arizona, and H. A. Rumfield of Hamlin; five daughters, Mrs. Jake Farmer of Stamford, Mrs. Wray Boyd, Mrs. Monroe Tobbs, Mrs. Charlie Shipman and Mrs. Cecil Brown, all of Hamlin; 27 grandchildren, 45 great-grandchildren and 14 great-great-grandchildren.

### SAME OLD STUFF.

A busy school superintendent told his secretary that he would be very busy during the afternoon and didn't want to see any callers. "If they say their business is important, just tell them 'That is what they all say!'"

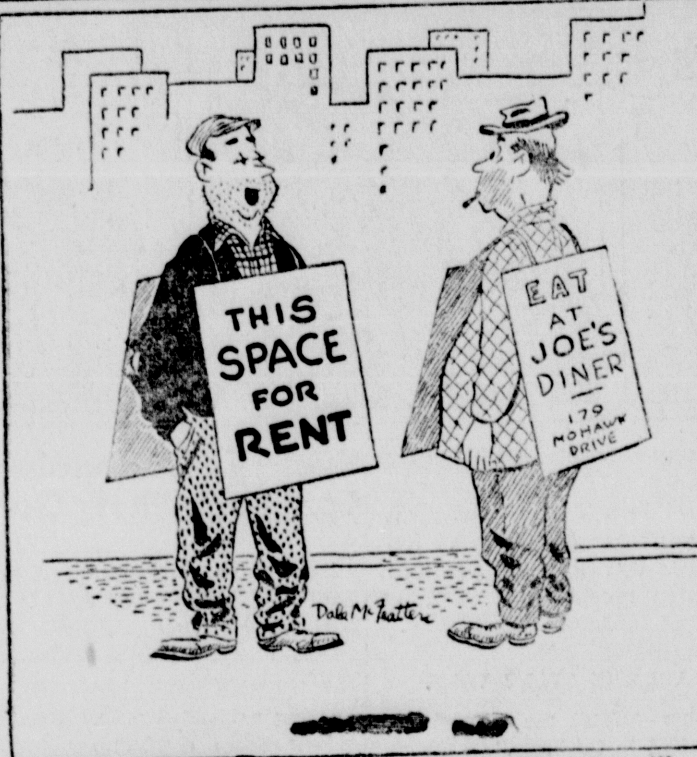

During the afternoon a lady called and insisted on seeing the superintendent. Finally she explained, "I am his wife."

The secretary smilingly replied, "That is what they all say."

Mother—"Now, Junior, be a good boy and say 'Ah-h-h' again so the doctor can get his finger out of your mouth."

## STRICTLY BUSINESS

by McFeatters

"I decided to open my own advertising agency!"

## Newberry Twins Continue to Lead Batting Averages in Little League Race

The Newberry boys—Dan and Van, twin sons of Mr. and Mrs. B. V. Newberry—continued to hold the batting average lead for boys in the Little League baseball race after five weeks of play. Dan had an average of .567 after 30 times at bat and Van's average was .515 after 33 times at bat.

Other top-notch batters were George Smith, a member of the Braves team along with the Newberry twins, whose average was .455; Butch Holland of the Yankees with .405 and Royce Stone, also of the Yankees, with .500.

Complete table of batting averages of all the boys after five weeks of play follow:

YANKEES			
Player—	AB	Hits	Avg.

## Yankees Take Over Lead in Standings of Little League Loop

The Yankees took over the lead in the four-team Little League baseball loop during last week's play, replacing the Cardinals who had been on the top rung for several weeks. Standing of the four teams after five weeks of play, including last week's games, follow:

Team—	P.	W.	L.	Pct.
Yankees	7	4	1	.625
Braves	6	4	2	.583
Cardinals	6	5	2	.538
Giants	3	9	1	.269

### Results Last Week.

Monday—Yankees 6, Cardinals 2.  
Tuesday—Braves 22, Giants 4.  
Thursday—Braves 17, Cardinals 0.  
Friday—Yankees 17, Giants 4.

### VISITS IN CALIFORNIA.

F. M. Crow returned Tuesday from Escondido, California, where he visited with a daughter and her family, Mr. and Mrs. O. M. Hartley and son, Tommy Joe. He also visited a brother-in-law and family, Mr. and Mrs. Frank Chism.

## Rotary Club Hears Talk on Laborers By TEC Official

Texas Employment Commission performs many functions which the average layman does not know about, it was revealed last Wednesday noon at the weekly luncheon meeting of Hamlin Rotary Club when it met at the oil mill guest house. Impromptu speaker on the operations of the TEC was Charles Briggs of Midland.

Briggs explained that, aside from acting as liaison office between laborers and employers, the commission helps contemplate the needs of employment in various sections of the state and prorate laborers for planting, cultivating and harvesting crops; see that proper wages are maintained for the laborers; check on handling of social security and retirement affairs; seeing that proper housing is arranged for influx of big groups of workers, etc.

Tate May and Bowen Pope, long time Rotarians, spoke on the forthcoming office installation meeting this Wednesday noon.

Besides Briggs, other guests at the Wednesday luncheon included Ed Ireland of Sweetwater, J. M. McDaniel of Abilene, K. K. Francis and W. M. Blackburn of Stamford, Burton Shelton of Haskell, John H. Fields of Lancaster, California, and John Doggett.

### SHOWING GOOD TACT.

A good wife laughs at her husband's jokes—not because they are clever, but because she is.

### CITATION BY PUBLICATION

The State of Texas. To Mary Page, if living, and if deceased, then the heirs and unknown heirs, assignees, devisees and legal representatives of Mary Page, deceased, and all unknown owners, defendants—Greeting:

You are commanded to appear before the Honorable County Court of Jones County, at the City Hall in Hamlin, Texas, at or before 10:00 o'clock a. m. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 21st day of July, A. D. 1958, then and there to answer plaintiff's petition filed in said court on the 6th day of June, A. D. 1958, in this cause, numbered on the docket of said court and styled State of Texas, plaintiff, vs. Mary Page, et al, defendants.

A brief statement of the nature of this suit is as follows, to-wit: To condemn for highway purposes the south 10 feet off of Lot 1, Block 72, Hamlin Townsite Addition to Hamlin, Texas, as recorded in Volume 14, Pages 50-52 of the Plat Records of Jones County, Texas, and lying between centerline chaining station 53/00.96 and 54/00.96 of State Highway 92 and contains 0.032 acres, more or less, as is more fully shown by plaintiff's petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said court, at office in Amson, Texas, this 6th day of June, A. D. 1958. Attest: Gene Spurgin Jr., Clerk, County Court, Jones County, Texas. By Louise Childs, Deputy.

### CITATION BY PUBLICATION

The State of Texas. To A. P. Dennis, if living, and if deceased, then the heirs and unknown heirs, assignees, devisees and legal representatives of A. P. Dennis, deceased, and all unknown owners, defendants—Greeting:

You are commanded to appear before the Honorable County Court of Jones County, at the City Hall in Hamlin, Texas, at or before 10:00 o'clock a. m. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 21st day of July, A. D. 1958, then and there to answer plaintiff's petition filed in said court on the 6th day of June, A. D. 1958, in this cause, numbered on the docket of said court and styled State of Texas, plaintiff, vs. A. P. Dennis, et al, defendants.

A brief statement of the nature of this suit is as follows, to-wit: To condemn for highway purposes the north 10 feet off of Lot 7, Block 82, Hamlin Townsite Addition to Hamlin, Texas, as recorded in Volume 14, Pages 50-52 of the Plat Records of Jones County, Texas, and lying between centerline chaining station 43/00.96 and 44/00.96 of State Highway 92 and contains 0.032 acres, more or less, as is more fully shown by plaintiff's petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said court, at office in Amson, Texas, this 6th day of June, A. D. 1958. Attest: Gene Childs, Deputy.

**HONOR BY TECH**—Charles C. Thompson, prominent Colorado City civic and business leader, is one of two West Texas Tech will honor with honorary degrees at its June 22 commencement. Texas Tech directors at a meeting in Lubbock decided to so honor Thompson and Houston Hart, publisher of The San Angelo Star-Times. Thompson served on the Texas Tech board of directors for more than 19 years.

### PROPER THING.

Farmer Cortness retired and moved to the city. In the morning, after spending the first night in the new home, his wife said, "Well, Pa, ain't it about time you was gettin' up to build the fire?"

"Nope, not me," he replied. "We might a swell git used to these city conveniences right from the start. I'll call the fire department."

Small boy on the phone: "O. K., Jim, that takes care of the fourth problem in today's homework. Now, what answer did you pop get on the next one?"

### CITATION BY PUBLICATION

The State of Texas. To O. L. Sieber, if living, and if deceased, then the heirs and unknown heirs, assignees, devisees and legal representatives of O. L. Sieber, deceased, and all unknown owners, defendants—Greeting:

You are commanded to appear before the Honorable County Court of Jones County, at the City Hall in Hamlin, Texas, at or before 10:00 o'clock a. m. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 21st day of July, A. # FOR A GRAND AND GLORIOUS FOURTH

## Celebrate with Safety!

Yes, the Fourth of July means a good time for all . . . youngsters and oldsters alike. And, you know, the meaning in back of Independence Day is pretty wonderful. Most of us just take independence and freedom for granted, but maybe this year it would be a good idea to pause and give a little thought about how great it is . . . and how fortunate we are . . . to be Americans!

Right here in Hamlin, for example, we enjoy things that the peoples of many other nations never thought existed. Being able to read and say what we please . . . worship as we please . . . work at a job where enthusiasm and ability pay off. . . buy food and clothing and automobiles and anything else we might need or want are privileges that have been handed down by our forefathers. They fought to get them . . . and we fight to keep them!

It all adds up to this: Our America . . . and our community . . . are the greatest places on earth. Let's never ever forget it. Have a good and careful time this Fourth of July!

"We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the pursuit of Happiness."

From the Declaration of Independence, adopted by the Continental Congress, July 4, 1776.

This patriotic page sponsored by the following Hamlin business firms, which will observe Independence Day by closing all day Friday, July 4th:

## New Bread Standards Designed to Protect Purchaser Go in Effect July 1

New bread standards go into effect July 1, to assure that you get the kind of bread you pay for, reminds Dr. Henry A. Holle, commissioner of the Texas State Department of Health, to people of the Hamlin territory.

After that date, if you buy a loaf of cinnamon-raisin bread and it does not have raisins in it, the baker is subject to action.

The standards will require all bread and rolls to be properly labeled so as to truthfully reflect their ingredients and nutritious qualities.

Patterned after federal food standards, they will be administered by State Health Department's food and drug division. A majority of the baking industry fully supports the standards.

Labeling means much more than a colorful wrapping around a loaf of bread. It includes, among other things, the advertising claims made by the baker for his product.

A food is misbranded when its labeling is false or misleading in any particular, if it is offered for sale under the name of another food, or if it is an imitation of another food (unless its label places in prominent type the word

"imitation") and immediately thereafter the name of the food imitated).

Bread is also mislabeled if it purports to be or is represented as a food for which a "standard of identity" has been described and it fails to conform to that standard.

Standards not only protect consumers in the market place; they also protect honest manufacturers by assuring fair competition. The consumer may select and serve standardized foods with complete confidence in their composition and integrity.

The law's basic requirements for clean handling, informative labeling and no adulteration gives consumers an insight into the purity, wholesomeness and nutritious quality of the product.

Bread labels must show net weight or numerical count of the product, such as "net weight, one pound," or "one dozen doughnuts," and the name of the product such as "Smith's Enriched Bread" or "Jones' Raisin Bread."

While there are no specific requirements as to type size, the standards do provide that the label shall be considered false if the information is not prominently displayed.

## Embrey and Dutton Families in Reunion At Brady Sunday

Richards Park at Brady was the scene Sunday of the annual Embrey and Dutton family reunion, which was attended by a number from Hamlin.

Visiting, feasting, picture making and other events featured the gathering.

Those attending the get-together included: Mr. and Mrs. Clyde Abbott, Donnie Abbott, Charlie Embrey, Jimmie Embrey, Mr. and Mrs. Wayne Head, Armer Lee Embrey and Mrs. Homer Embrey, all of San Antonio; Mrs. Henry Embrey and Arthur Lee Embrey of Hondo; Bobbie Robertson of Eagle Pass; Mr. and Mrs. Roy Embrey, Barbara Ann Embrey, Mr. and Mrs. Calvin Embrey, Donnie and Sharon Embrey, Mr. and Mrs. Shannon Carter, Mr. and Mrs. James W. Carter, Beverly Ann Carter, all of Hamlin.

Rain and high water prevented several from getting to the reunion, it was learned.

Rubber bands at The Herald.

played in such a manner that it can be easily read.

You, as a consumer of bread and rolls, can help make the new standards work by carefully reading the label on the bread you buy.

YOUNG COWBOY?—Jacinto Mata, who says he is 115 years old, is shown on his horse as he prepares to round up 25 cows which he does daily at San Juan. He says he has outlived two wives and 14 of 17 children.

## Uncle Sam Printing New Stamps and Postal Cards for New Rates August 1

Hamlin area residents and those of the rest of the country will have to become accustomed to a new series of postage stamps when increased postal rates go into effect next August 1.

The increases will affect letter mail, air mail, postal cards, as well as second, third and fourth class mailings.

A three-cent stamp no longer will be enough to carry a first class letter. The new rate will be four cents. The six cent air mail stamps also will be insufficient, since the new air mail rate is seven cents.

Stamped envelopes in these denominations also will lack one cent of the required value after August 1.

Also involved are the two-cent postal card, since the new rate will be three cents, and the five-cent air mail postal card also will lack one cent of the new six-cent rate.

The four-cent stamp for first class mail is lavender in color and bears a portrait of Abraham Lincoln. This is not a new issue, being one of the Liberty series of stamps now in stock in all post offices.

A newly designed seven-cent air mail stamp will go on sale.

Stamped envelopes also will carry four-cent and seven-cent values after August 1, and postal cards will carry three cents and air mail postal cards six cents postage.

The government already is printing them, and the Post Office Department says that all of the 36,605 post offices will be supplied. The department estimates, incidentally, that in the course of the first year of the new rates about 9,000,000,000 of the four-cent Lincoln stamps and 650,000,000 seven-cent air mail stamps will be used.

What about three-cent and six-cent stamps and stamped envelopes and cards bearing the old values? The Post Office Department expects that many postal patrons will combine one-cent stamps with their three-cent stamps and three-cent stamped envelopes for first class mail; with their six-cent air mail stamps and six-cent stamped air mail envelopes, and with the two-cent postal cards and five-cent air mail postal cards.

Postal authorities anticipate a big demand for the green colored one-cent George Washington stamp for just such purposes, and an additional supply of these stamps is being printed prior to August 1.

APPEARS THE SAME.

Nothing annoys a woman so much as having her friends drop in unexpectedly to find the house looking as it usually does.

## Cotton Insects in Section Becoming More Prevalent

Increasing infestations of insects in cotton of the state as a whole, plus growing numbers of insects in the Hamlin section, are reported in the weekly cotton insect situation report to The Herald from the Texas Agricultural Extension Service in cooperation with the plant pest control branch of the U. S. Department of Agriculture.

Highlights from the general state insect report, with special paragraphs about the Northwest Texas area, of which the Hamlin section is a part, are given below: Thrips infestations were reported generally light in all areas except South Central, North Central and Central, where thrips infestations ranged from medium to heavy. Fleahoppers were light to heavy in Coastal Bend, Southwest, Upper Coastal, South Central, East, Central, Northeast, North Central, West Cross Timbers, Bollworms and boll weevils were reported generally light to medium from infested areas.

hopper infestations were reported heavy in the Northwest area and in some cases severe outbreaks have been reported. Scattered infestations of pink bollworms were reported from Upper Coastal and South Central areas. Other pests such as aphids, spider mites, stink bugs, square borers, lygus bugs and cabbage loopers were not causing too much damage.

In the Northwest Texas report thrips infestations ranged from light to medium in Wilbarger, Cottle, King, Coleman, Knox, Runnels and Jones Counties. Fleahopper infestations ranged from light to medium in Kent, Wilbarger, Cottle, King, Coleman, Knox, Runnels and Jones Counties.

Bollworm and weevil infestations were reported light from Coleman and Jones Counties. Infestations by grasshoppers were reported heavy and in some cases severe in Wilbarger, Cottle, King, Coleman, Knox, Runnels, Jones, Hall and Kent Counties.

NOBODY GUILTY.

The police suddenly raided a card game and found four men seated around a table. The policemen took the man one at a time. "Okay," they said to one man, "you're breaking the law gambling."

"Who, me?" the man said indignantly. "I just sat down here to talk baseball."

"You're breaking the law gambling here," the policeman said to the second man.

"Who, me?" the man retorted. "I'm a stranger here myself."

The third man was dragged out and over. "You're playing cards, too," the cops shouted.

"What's all this about cards?" the man yelled. "I'm not playing a taxi to take me to the train."

But the fourth man was still of cards in his hand when they brought him in. "Anyhow," the policeman said, "you're playing cards."

"Me? The guy said, 'Playing cards? With whom?'"

## Hamlin Memorial Hospital

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. G. M. Bond, medical, June 22; Mrs. G. P. Wright, medical, June 22; Henry Zombrone of Anson, medical, June 23; Marcus Martinez of Anson, medical, June 23; Mrs. J. H. Gruben of Rotan, medical, June 23; Mrs. F. M. Perry of Aspermont, June 23; Anna Mae Childress, medical, June 23; Mrs. J. W. Maberry, medical, June 22; A. J. Winegart, medical, June 19; J. C. Marshall, medical, June 19; Mrs. C. E. Keiner of Stamford, medical, June 25; Sandra Kay Helms, medical, June 24; Ira Clements, medical, June 24; Mrs. J. W. Griffin, medical, June 26; Mrs. Cliff Crowley, medical, June 27; Mrs. Cullen George, medical, June 28; Margaret Pickron of Louisville, Tennessee, June 28; H. C. McElvye of Sylvester, medical, June 28; Teresa Josey, medical, June 28; Mrs. Pearl Fannin, medical, June 28.

Patients Dismissed—Mrs. J. O. Faulkenberry, June 26; Mrs. H. Boiles, June 26; A. C. Tidwell, June 23; Mrs. Larry Coate, June 23; Mike Schubert, June 22; Mrs. Pearl Cullum, June 23; Mrs. Flora Carter, June 23; Will Andress, June 23; Mrs. C. G. Viertel, June 27; Mrs. M. S. Johnston, June 23; Glen Winslett, June 23; Mrs. R. B. Furr, June 26; Mrs. G. M. Bond, June 25; Mrs. G. P. Wright, June 26; Henry Zombrone of Anson, June 23; Marcus Martinez of Anson, June 23; Bill Cork, June 27; Mrs. J. H. Gruben of Rotan, June 28; Mrs. F. M. Perry of Aspermont, June 26; Anne Mae Childress, June 29; Mrs. J. W. Maberry, June 22; A. J. Winegart, June 21; J. C. Marshall, June 27; Sandra Kay Helms, June 28; Mrs. C. E. Keiner of Stamford, June 26; Mrs. Cullen Pickron of Louisville, Tennessee, June 29; H. C. McElvye of Sylvester, June 29.

## Jones County Is Fifth in Purchases Of Bonds in Area

During the first five months of this year the citizens of Jones County purchased \$213,373 in Series E and H United States savings bonds. This announcement was made this week by A. C. Humphrey, chairman of the Jones County savings bonds committee. "We have now achieved 45 per cent of our 1958 goal of \$476,000," Chairman Humphrey reported.

During the first five months of this year Texans increased their purchases of savings bond 4.3 per cent. Nationally the sales have increased eight per cent during this period.

Texas sales for the first five months of this year were \$75,816,519, which represented 43.3 per cent of the 1958 goal of \$175,000,000. This increase in sales is a result of efforts of the savings bonds volunteers who are conducting share-in-America campaigns in most of our major cities and counties throughout the Lone Star State.

In the District 16 group, Jones County was fifth in percentage of its goal purchases during the five-month period. Sales by counties and percentage of goals follow:

District \$1,984,869 \$4,067,000 52.6

County—Sales Goal % of Goal

Callahan \$ 71,755 \$209,000 34.3

HAMLIN, TEXAS, JULY 3 NINETEEN HUNDRED  
THURSDAY, JULY 3 AND FIFTY-EIGHT

ISSUE 36  
NUMBER 36

**CHARLES PREWIT**, son of Mr. and Mrs. L. E. (Gene) Prewit, accompanied his parents the other day to Dallas, where they and other Hamlin people attended the convention of Rotary International.

While mingling with the huge crowds of Rotarians from all over the world, young Prewit decided he would pick up a few autographs of some dignitaries from far-away places, which he proposed to take back home and show off to his friends.

His parents and older brother, Ken, helped him spot some of his prospects, one might assume.

Anyway, Charles came back home with autographs from people of Peru, Colombia, Brazil, South Africa, India and other interesting spots of the world.

The Prewit boys will tell you also that Dallas didn't fail to provide plenty of interesting entertainment features for children of the Rotary convention attendants.

**JURY DUTY FOR ACTRESS AND HUSBAND**—Stage and star Greer Garson and her husband, Oilman E. E. (Buddy) Fogelson, stand together as they are sworn in for a week of jury duty in Dallas. The actress was later accepted as a juror in a civil case that got underway in the Dallas County courthouse.

**A GARAGE MAN** of Hamlin answered the distress call of a woman motorist out on the Aspermont highway the other day whose car had stalled. He responded to the call and made an examination.

"Your car is out of gas," he stated.

"Will it hurt the car," she said, "if I drive it home with the gas tank empty?"

## Demonstrations on Rat Control Slated

**TALKS** is the heading of a column of quips in a magazine coming to our desk that contains some perky paragraphs that deserve wider circulation through this column:

There will be a three-day rat control campaign in Jones County on July 7, 8 and 9, according to information received this week from County Agent Kirby Clayton.

one ton of bait will be available at the demonstration areas, and farmer who want poison should attend one of these demonstrations.

All too often a clear conscience is merely the result of a bad memory.

The large grain crop, along with the lush vegetative growth of other crops in Jones County, make the county susceptible to heavy infestations of rats through fall and winter months, Clayton points out.

One humiliating thing about science is that it is filling our homes with gadgets that are smarter than we are.

Under the new contract now in effect, Hamlin must pay \$1,064.58 per month and must take as much as 12,000,000 gallons per year. Should this much water not be used within the calendar year, then it will be lost to Hamlin.

It's too bad people can't exchange problems. Everyone knows how to solve the other fellow's.

For all over the minimum amount of water used Hamlin pays five cents per 1,000 gallons. A pro rata charge also is made for power used in pumping the water from Paint Creek Lake, northeast of Stamford, to Hamlin.

June is the month when women are more interested in what the bride is married in than what she is married to.

Under the program now being developed by the vocational agriculture division of the Texas Education Agency, services of specialists in various technical agriculture fields are to be available to public schools with vocational agriculture departments upon request of VA teachers and school superintendents. Specialists are to be stationed at A. & M. College and their work is to be coordinated through the agricultural education department headed by E. V. Walton.

The awkward age for girls is between teddy bears and wolves.

The short course, the first of its kind to be held in this area, will launch a new program which is designed to make specialized training available to farmers on a short course basis through the auspices of the public schools.

There's only a slight difference between keeping your chin up and sticking your neck out, but it's worth knowing.

Main purpose of the short course to be held at Hamlin will be to offer training that will enable farmers to develop and carry out an economical and effective cotton insect control program, Blankinship pointed out.

The person who drives recklessly has little cause to worry that he may be wiped out by an H-bomb.

The course is expected to extend over four meetings. The first will be devoted to identification of both harmful and beneficial cotton insects; to recognition of nature and extent of their damages; and

Few things will ruin a person quicker than having nothing to do and a lot of money to do it with.

The course is expected to extend over four meetings. The first will be devoted to identification of both harmful and beneficial cotton insects; to recognition of nature and extent of their damages; and

Many a person became a hero because he acted so quickly in an emergency he didn't have time to think.

Blankinship explains the program agenda as follows:

Revised adage: If at first you don't succeed, try something that's easier.

The course is expected to extend over four meetings. The first will be devoted to identification of both harmful and beneficial cotton insects; to recognition of nature and extent of their damages; and

"The onion belongs to the silly family," says a garden columnist. It must be an in-law.

The course is expected to extend over four meetings. The first will be devoted to identification of both harmful and beneficial cotton insects; to recognition of nature and extent of their damages; and

## Bank Deposits at Hamlin Exceed \$5,000,000 Level

### City Takes Option On Water Increase From Stamford

The City of Hamlin has exercised its option to buy as much as 1,000,000 gallons of water per day from Stamford. For the past almost five years the city had been operating under a contract calling for a minimum of 500,000 gallons.

Under terms of the original agreement between the two cities Hamlin had to exercise the option to take the larger amount at the same rate within the five-year period. Only two months remained to take the action.

In the year 1956, Hamlin purchased a little more than the half million gallons contracted for, but in 1957 it failed to use that amount. Under terms of the contract, Hamlin paid \$532.29 per month, and if water was not used one month it could be used another. This unused water could accumulate but had to be used within a calendar year or was lost.

Under the new contract now in effect, Hamlin must pay \$1,064.58 per month and must take as much as 12,000,000 gallons per year. Should this much water not be used within the calendar year, then it will be lost to Hamlin.

For all over the minimum amount of water used Hamlin pays five cents per 1,000 gallons. A pro rata charge also is made for power used in pumping the water from Paint Creek Lake, northeast of Stamford, to Hamlin.

### Dr. Tom Johnson to Be In Methodist Pulpit

Dr. Tom Johnson, executive secretary of the pension endowment division of the Northwest Texas Methodist Conference, will be in the pulpit of the First Methodist Church Sunday morning at 11:00 o'clock, it is announced. At the evening service the new youth director of the church, George Ellis of Abilene, will have charge of the services.

Pastor Edmund W. Robb of the local church and wife left last week for Washington, D. C., where they are attending the national convention on evangelism. He is a delegate from the Northwest Texas Conference.

**HEAVY RAINS HIT ALPINE**—Bob Stovall (left) with seven boys aboard drove into the flood waters of Alpine Creek racing across a dip on Sixth Street. The waters carried the pick-up truck downstream almost a block without turning it over. The boys swam out of the water without injury. Mike Larsh (at right) was one of the passengers. Alpine was hit by over five inches of rain in a matter of a few minutes.

## Hamlin Businesses to Close Friday for Independence Day

### Four-Meeting Short Course on Cotton Insect Control to Be Held at Hamlin

Cotton farmers of the Hamlin territory will be interested in a cotton insect control short course that is scheduled to get underway in the agriculture building at Hamlin High School next Monday, July 7, according to T. C. Blankinship, local vocational agriculture teacher.

The course, being organized by Blankinship, will be conducted by H. A. Turner, insect control specialist stationed at Texas A. & M. College.

The short course, the first of its kind to be held in this area, will launch a new program which is designed to make specialized training available to farmers on a short course basis through the auspices of the public schools.

Under the program now being developed by the vocational agriculture division of the Texas Education Agency, services of specialists in various technical agriculture fields are to be available to public schools with vocational agriculture departments upon request of VA teachers and school superintendents. Specialists are to be stationed at A. & M. College and their work is to be coordinated through the agricultural education department headed by E. V. Walton.

Main purpose of the short course to be held at Hamlin will be to offer training that will enable farmers to develop and carry out an economical and effective cotton insect control program, Blankinship pointed out.

The course is expected to extend over four meetings. The first will be devoted to identification of both harmful and beneficial cotton insects; to recognition of nature and extent of their damages; and

### Stamford Rodeo, Visits and Picnics Provide Outings

Hamlin business activity will be practically at a standstill Friday, since almost every firm in the city will observe the Fourth of July, a holiday by closing, a tabulation by The Herald reveals. Only a few service stations and cafes will remain open, and these probably for only part of the day.

The Fourth of July holiday is one of six holidays approved early in the year by a vote of business establishments that will be observed during the year when businesses will close. It is the second holiday of this year, the first having been Memorial Day, May 30.

No special activities in celebration of the day have been planned for the Hamlin community, except visits of relatives and friends and some picnics. The swimming pool at the City Park, of course, will be open. A baseball game or two probably are on tap.

Stamford's Texas Cowboy Reunion, which began Wednesday, will climax its runs Thursday and Friday. Scores of attendants will attend the rodeo performances each night. A matinee performance is scheduled at 2:00 o'clock Friday.

Two Hamlin cowgirls are participants in the parade and grand entries at the reunion—Wynne Conner and Rebecca Ann Ferguson.

### Returns of Grain Crop Accounts for Much of Increase

For the first time in several years, deposits at the Farmers & Merchants National Bank went above \$5,000,000 this month. In the official statement issued in response to call by the comptroller for the close of business on June 23, deposits of \$5,031,167.23 were tabulated.

Due principally to returns from the record grain crop in the Hamlin area, the deposits were more than half a million dollars above the deposit total of \$4,602,855.93 tabbed in the last previous statement of March 4.

Loans of \$1,564,331.68 in the latest statement compare with \$1,613,246.90 on March 4, showing a slight decline, no doubt due to pay-offs from the grain crop.

Other items on the resource side of the June 23 statement include: Building, furniture and fixtures, \$28,359; other real estate, \$2,350; municipal bonds and warrants, \$292,665.68; Federal Reserve Bank stock, \$6,000; U. S. government bonds, \$1,059,186.46; CCC loans, \$987,394.62; and cash on hand and due from banks, \$1,497,000.78.

On the liability side of the statement are: Capital stock, \$100,000; surplus, \$100,000; undivided profits, \$202,695.18; reserves, \$3,425.81; and the deposits.

### Curb and Gutter Plan Progresses in Hamlin

Curb and gutter program of the city of Hamlin continues to roll along steadily, reports Bill Rountree, city superintendent, under whose supervision the work is being done.

City crews recently have completed 12 more blocks of the work, and several other blocks have been signed up. Twenty-eight blocks of curb and gutter work was done last year in the city, Rountree reports. The work is being done to drainage specifications of a qualified engineer, and should handle water drainage correctly.

The work is being done at cost, 85 cents per running foot. The superintendent urges that owners sign up at least a block of property in order to qualify for the work.

### New Carroll Station Completed Near Y

Workmen have recently put the finishing touches on the new service station and wholesale office of Clyde Carroll's Cosden Station at the McCauley Y in South Hamlin.

The station, modern in design and arrangement, provides service pumps fronting on the Anson and McCauley highways.

### Who's New This Week

Mr. and Mrs. Troyce Hargrove of Goldsmith are announcing the birth of a daughter, who has been named Kathy Denise. She was born last Wednesday noon and weighed eight pounds one ounce. Grandparents are Ceph Turner and Mr. and Mrs. W. C. Hargrove of Hamlin.

Two new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Both boys, they are:

A boy for Mr. and Mrs. Bobby Ray Furr, who arrived June 23. His weight was checked at seven pounds six ounces. He has been named Rickie Joe.

A boy for Mr. and Mrs. Buford Griffin was born June 21. The little fellow topped the scales at five pounds 14 ounces, then accepted the name of Larry Eugene.

**LOECAT BABY SITTER**—Pretty Sandra Hudson, 16, of Kermit makes holding a bobcat seem an easy task. Sandra is the official baby sitter, appointed by the kitten's owner, Fred Hudson, whose duties include feeding and pampering the kitten in his waking hours.

### John Howard Jr. To Be Installed as Rotary President

John V. Howard Jr., Hamlin grocer, will be the center of festivities Wednesday at noon when new officers will be installed at a special program of the Rotary Club at the oil mill guest house. He will be installed as new president to succeed L. E. (Gene) Prewit.

Other officers to be installed will be Prewit as vice president; Tommy Davis as secretary; and Rev. Edmund W. Robb as a new director. Hold-over directors are R. L. McClung, Foster Cook and Earl Smith.

Special guests at the luncheon will be ladies of the Rotarians and several invited guests.

Featured speaker for the program Wednesday will be Rex Felker, former resident of Haskell, who is manager of the Quansh Chamber of Commerce. His topic will be "My Home Town."

The club's fiscal year begins July 1. New officers were elected several months ago.

### Another Gain Made In Attendance at City Sunday School Totals

Another gain in attendance was registered by Sunday Schools of Hamlin churches last Sunday. The 1,253 total was 27 more than the previous week and 84 more than the year ago total.

Attendance, by churches, for June 29, June 22 and a year ago follows:

Churches—	29	22	Ag

## PLAYING IT SAFE ON THE FOURTH OF JULY

Most Americans are good drivers—the high traffic toll notwithstanding.

This put on the back for the average motorist comes from the National Safety Council as it opens its annual appeal for Fourth of July holiday safety.

The council makes a good point: With upwards of 70,000,000 vehicles whizzing past each other only a couple of feet apart, the average driver must make 20 to 50 decisions an hour, many of them literally involving life or death. Last year's all-time low death rate of 5.9 fatalities per 100,000,000 miles of travel proves that most drivers made the right decisions.

Most of us want to be good drivers. We pride ourselves on our skill and common sense. We obey the law. We don't want to hurt ourselves, our families or the stranger in the other car. Then why do we have accidents? Carelessness?

Carelessness is a catch-all word that covers a multitude of sins. Good drivers that we are most of the time, every one who has ever been behind the wheel of a car remembers

the near misses—and our accident toll is made up of those that didn't miss.

We get tired. We burn up at some minor rudeness by another driver. We drive a little too fast. We take chance in passing. We think a couple of drinks can't do any harm. Or, due to any one of a hundred distractions, we let our attention waver from the road for an instant beyond recall.

The National Safety Council estimates that more than 45,000,000 cars will be on the roads over the three-day Fourth of July holiday. So don't be a good driver most of the time. You can't afford to make even one mistake.

But, what about us here in the Hamlin community? Traffic accidents don't always happen to the other fellow, you know. We who drive automobiles have a responsibility to help control the accidents in this section. We owe it to ourselves, our loved ones and others who drive with us and walk on the thoroughfares to help preserve life and property every day that we drive.

Traffic safety is everybody's job, every day of the week.

## The Yankee Peddler

Among the picturesque characters who have enriched our history and who today sweep in endless waves across our TV and movie screens, the heavily burdened figure of the Yankee peddler is only rarely seen. And yet the peddler in his heyday was a major and much-discussed factor in our nation—at times reviled, despised and distrusted; at other times liked, admired and trusted; and at all times needed.

There, was in the early days a great necessity for a middle-man who would bring the goods of the cities to the isolated settlements of the expanding frontier. Roads, when they existed, were horribly inadequate and often dangerous. The peddler with his heavy pack slung over his shoulders, trudging from town to town, enduring the physical hardships, the risks, the complete lack of the ordinary comforts and security of a home of his own—this peddler became the link between the factory and the consumer.

The decline of the peddler with his ingeniously packed inventory of combs, pins, crockery, medicines and what-not can be blamed on (or credited with) the improvement in transportation facilities. As roads become more passable, the ambitious peddler started his own store, assured that he could get merchandise from the factories. His customers now came to him, and his social status rose sharply. No longer a nomad, the Yankee peddler had finally attained the aura of respectability which he had previously lacked so glaringly.

## Nuggets of Thought

In the service of love, sacrifice becomes a grace.—Albert Einstein.

We do not love people so much for the good they have done us as for the good we have done them.—Tolstol.

One's love for God is equal to the love one has for the man he loves least.—John I. Hugo.

There are more people who wish to be loved than there are willing to love.—Sebastian Roch Chamfort.

Things endure in human affairs when they are made not of pride and power, but of humility and the love of truth.—Walter Lippman.

Poverty does not mean the possession of little, but the non-possession of much.—Anupoter.

A gem is not polished without rubbing, nor a man made perfect without trials.—Chinese Proverb.

If it is not right, do not do it, if it is not true, do not say it.—Marcus Aurelius.

The secret of success in life is known only to those who have not succeeded.—John C. Collins.

## Handshake Said "Howdy"

Charlie is a friendly sort of fellow with a cheery smile. His handshakes say "Howdy." Often he stands at the church door to greet the people as they enter, giving the same attention to all.

His friendly smile and his genuine handshake make church members and strangers alike glad they came. Charlie shakes hands with everybody, often going up and down the aisles to shake hands with all who are in reach of his big, friendly hand.

No one feels that Charlie overdoes his handshaking. There is no "put on" about it. He is really glad you came to church and his greeting proves it.

Strangers never come to the church without getting a friendly greeting from Charlie. They often leave with the feeling that it is a friendly church. Probably the reason they do is because of the friendly handshake from a humble Christian man by the name of Charlie—Sam W. Scantlan.

## Editorial of the Week

### OTHER FOLKS' PROBLEMS

Sometimes questions can be more revealing than their answers. So it was at the latest white house press conference. As reported, one query was to this effect: Why, although the United States is one of the strongest powers in the world, cannot it resolve difficulties in other countries before they reach a crisis?

The question reflects the wonderings of many Americans about France, Lebanon, the Nixon trip. The president made a useful reply, pointing out that problems are usually inter-related, that trying a "do something about Formosa or France" immediately affects "three other countries." A simpler answer might have been: "Because the United States is not omnipotent." Eisenhower suggested this when he observed later that the United States must act as a partner, not as a "boss."

The American people have newly come into a position of world leadership. They are having to learn hard lessons about that role—especially that there are sharp limitations on what can be done about other folks' affairs.

Millions of Americans were shocked by the hostility the Nixon trip disclosed in Latin America. Millions are frustrated now watching France and Lebanon slide into crises which weaken the whole front of free peoples. But these problems are not the kind that American power can resolve. There are things the United States can do. More awareness of other peoples' feelings would help. Less honoring of Latin dictators, more active support for individual freedom, effective trade, aid, and defense policies—these are feasible.—The Christian Science Monitor.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### THIRTY YEARS AGO.

Goings-on in the Hamlin community 30 years ago included the following, being news briefs taken from the issue of The Hamlin Herald dated July 6, 1928:

W. F. Johnson, the drug man, was taken back to the sanitarium in Abilene Monday because of nve illness.

Mrs. H. D. Neff and daughter, Mary Helen, are visiting friends at Haskell.

Editor J. W. Gay Jr. of The Ladonia News and The Wolfe City Sun arrived Thursday to visit his parents, Mr. and Mrs. J. W. Gay Sr., at Hamlin.

Storms did considerable damage in the Hamlin section last Friday afternoon. The Neinda school house, store and several homes there were damaged south of town. A house on the Pringle Moore Ranch northwest of Hamlin was moved several feet by the high winds.

Dr. L. P. McCrary will leave next Thursday for Denver, Colorado, where he will attend lectures on eye, ear, nose and throat treatment.

### TWENTY YEARS AGO.

Items of interest in the news 20 years ago at Hamlin included the following, reproduced from the issue of The Hamlin Herald dated July 1, 1938:

Hamlin members of the Texas Cowboy Reunion Association, composed of old-time cowhands, will help celebrate at the Texas Cowboy Reunion and Rodeo at Stamford July 4, 5 and 6. Members of the group at Hamlin include J. A. Edwards, J. L. Drake, M. Dawson, W. A. Archer, Mrs. J. C. Blanton, Leri Bush, Pat Collins, G. V. Calvert, Terry Cooper, Ollie Estes, J. W. Easterwood, W. M. Estes, Will Fomby, Dave Harris, R. L. Harris, Mrs. J. J. Herbst, O. S. Hunter, E. W. Johnson, C. S. Low, Mrs. Willie Martin, U. T. Medford, W. C. Medford, Mrs. A. D. McLaughlin, A. A. Oliver, D. W. Stephens, T. R. Stovall, W. L. Walton and J. W. Yopp.

Application of the city of Hamline for \$65,400 as a WPA grant for waterworks improvements has just been approved by officials in Washington, according to a telegram from Congressman Clyde L. Garrett.

### TEN YEARS AGO.

From the issue of The Hamlin Herald dated July 9, 1948, the following news briefs of 10 years ago are reprinted:

W. R. (Bill) Terry was installed as president of the Hamlin Rotary Club at the weekly luncheon meeting Wednesday at noon. Other officers installed were: J. C. Turner, vice president; and C. G. Green, secretary.

A jury in 104th District Court in Abilene Tuesday afternoon supported the findings of the Fisher County grand jury when it also found that 391 cases of beer seized May 12 by Abilene agents of the Texas Liquor Control Board from the Hamlin VFW clubhouse were not contraband beverage. The materials were returned to the veterans.

Mr. and Mrs. Bill Rountree and Mr. and Mrs. Clinton Barrow left Saturday for California for a two-week vacation.

### FIVE YEARS AGO.

Files of five years ago reveal the following news items of the community five years ago, taken from the issue of The Hamlin Herald dated July 10, 1953:

Support price for wheat has been set by the government at \$2.21 per bushel.

Four Hamlin Boy Scouts—Don Adair, Carl Weaver, Ronny Parker and Davey Weaver—will leave Saturday for California, where they will attend the national camporee.

Darrell Gene Grice of Hamlin and Elizabeth Stevens of Birmingham, Alabama, were married in rites in the Edgewood Presbyterian Church in Birmingham on Monday evening.

### ONE YEAR AGO.

News events in the area of one year ago included the following, reprinted from the issue of The Herald dated July 4, 1957:

Estimated yield of 250,000 bushels of wheat will be harvested in the Hamlin area, bringing an income of some \$600,000 to farmers of the section.

Bank deposits are holding up well at the Farmers & Merchants National Bank, despite big drains by farmers. The statement for June 30 shows deposits of \$4,043,906.32, down nearly \$150,000 from the March 14 statement.

## Government Aid to States, Cities and Individuals Enormous, Says Burleson

A fundamental and continuing issue is before the American people. It is not a political issue in the sense of candidates or party. It is one from which most want to shy away, declares Congressman Omar Burleson, in his weekly news release to The Herald. The news letter continues:

It is the matter of so-called great-in-aid to states, cities and individuals. It involves 105 different programs. For the fiscal year 1957 it amounted to \$6,500,000,000.

On several occasions in recent years the Supreme Court has said, in effect, that the federal government may control that to which it contributes. The decisions do not say the federal government must control, but that it may control.

The issue is: Should the federal government tax its citizens and return to them in the form of grants, some of the money collected, or should it collect less money by lower taxes, leaving the local governments to collect the taxes and provide the programs it wants?

Should the federal government tax the people, decide what the needs are, and the degree of control to be placed over the programs by the bureaus, commissions or departments administering the programs.

Grants increased 25 per cent from 1956 to 1957. It is estimated that in the coming fiscal year these grants will exceed \$8,000,000,000.

In 1953, soon after President Eisenhower took office, he suggested to the governors of the states that a joint federal-state action committee be set up to study this question.

The most the committee did was to recommend a reduction of the federal excise tax on local telephone service from 10 to six per cent, and that the states levy the tax instead, to finance pro-

## SHORT COURSE.

(concluded from page one)

to insecticides, kinds, cost, use and application.

Field work is to be featured in the second meeting, scheduled next Wednesday. Participating farmers will have opportunity to practice identifying cotton insects in the field; to gain experience in determining the nature and extent of damage caused by various insects; and to practice making insect counts as a step in deciding whether or not to poison.

The third and fourth meetings will be devoted to a variety of activities, including selecting insecticides for use under different situations; safety in use of insecticides; demonstrations on mixing, spraying and dusting; and developing a complete season control plan for cotton insects.

The first two meetings are to be held Monday, July 7, and Wednesday, July 9. The schedule of the two subsequent meetings will be arranged at a later date, Blankinship said.

In compliance with provisions of the program which makes specialists available, a \$2 registration fee will be charged for each person participating in the short course, Blankinship explained.

Why is it that the truth is so painful sometimes?

## Scores of Hamlin Area People Will Attend Reunion

Scores of Hamlin area residents are due to be in Stamford next Wednesday, Thursday and Friday for the annual Texas Cowboy Reunion.

Texas Cowboy Reunion has the distinction of being the world's largest cowboy rodeo judged according to the number of amateur cowboy contestants entered each year who compete for the hand tooled saddles and day money winners in the various rodeo events. W. G. Swenson, who has been president of the organization since it began in 1930, is justly proud of the growing number of these contestants and the fact that the competitive spirit has been maintained throughout the years.

Among the contestants who enter year after year are ranch hands, ranch foremen and ranch owners. The reunion officials are always pleased with such entries as Sam Baugh, the famous football player whose prowess is known throughout the United States for his fine game when he was at Texas Christian University and the Washington Redskins. At present he is football coach at Hardin-Simmons University and also operates his own ranch, the Double Mountain Ranch between Rotan and Aspermont. Sam Baugh, still lean, rugged and active, has competed many years in the calf roping events at the Cowboy Reunion. He is assisted at the ranch by his wife, four sons and one daughter.

When approached by a reunion official he was wearing a pigskin rope at his waist and he remarked that a man had to practice at roping these days as he could remember when 17 or 18 seconds' time roping and tying would win but not any more.

### QUICK ON THE GAB.

Once upon a time there were three bears . . . the Papa Bear, Mama Bear and Baby Bear. Papa and Baby sat down for their porridge and discovered their bowls empty.

"Somebody ate my porridge," bellowed Papa Bear.

"Somebody ate my porridge, too," cried Baby Bear.

"Oh, be quiet," snapped Mama Bear, "I haven't even served it yet!"

**CHECKING ON BRANDS**—Marvin Cobb from the Cobb community east of Stamford and Virgil Hudson of Haskell, secretary of the Texas Cowboy Reunion Association (above) are discussing some of the brands at the old timers' building on the rodeo grounds. As the reunion and rodeo, scheduled Wednesday, Thursday and Friday at Stamford, is upon them, the two men are wondering how many of the more than 100 brands around the rotunda will be represented at the reunion. Many Hamlin area people will attend.

## Handling Legislation Over Space by U. S. Requires Faith, Declares Senator

The space agency bill passed by the Senate last week without opposition had been reported by unanimous agreement of the special Senate committee on space and astronautics, declares U. S. Senator Lyndon B. Johnson in his weekly release to The Herald. He continues: I am chairman of this committee, and I have never served with any group that approached its work with greater seriousness.

That is as it should be. Man presumes much when he presumes to bring the dominion of the stars within the purview of his legislative processes and under the jurisdiction of his administrative agencies.

Some say we now stand at the edge of the battleground for Armageddon. Others believe we are poised before the plains of the millennium. In either case, we have no national option but to marshal our resources, order our course and proceed beyond the shelter and sanctuary of earth's atmosphere into the realm of the limitless unknown.

To proceed prudently—or to proceed at all—we must of necessity proceed by faith. Humility is a proper companion for this national journey.

As a nation, we are motivated not by fear, but rather by great confidence that extension of our capacity into the realms of space will some day bring release from fear—for ourselves and all mankind.

We are moved by no thought of aggrandizement. We have no intention of planting flags of conquest upon the planets or of laying annexation claims to the stars. We do propose that space shall never become the route of march for tyrants and totalitarians and, as we have dedicated our resources in the past to maintaining the freedom of the seas and the security of the skies, so shall we dedicate our national capacity to maintaining the neutrality of space.

Space neither invites nor necessitates any re-definition of American goals and aims.

The goal of peace and liberty has led Americans throughout our history to explore the dimensions of challenging frontiers. Our goal now remains unchanged.

The nature of space, we must recognize, is quite apart from the nature of land frontiers. We were permitted, in the development of the American West, to roll back the unknown at our leisure, confident as we did so that such gains as we claimed would be permanently ours. With space, neither such leisure nor such confidence is permitted. Space has given priority to a

## Mrs. Faulkenberry Dies Friday at Age Of 97 at Residence

With less than three years of attaining the century mark, Mrs. J. O. (Adaline) Faulkenberry, who had been a resident of this section for 44 years, succumbed at the family residence, south of Hamlin Friday night at 10:20 o'clock. She was 97 years of age. She had been seriously ill for about a month.

Born in North Carolina on July 25, 1860, she was the daughter of Mr. and Mrs. Walter W. Cline. After attending North Carolina schools, she married J. O. Faulkenberry in Georgia in 1883. The couple moved to Texas on Christmas Day, 1898, and came to Jones County in 1914. The husband died in 1939.

Mrs. Faulkenberry was a member of the McCaulley Methodist Church.

Final rites for the pioneer were conducted Sunday afternoon at 2:00 o'clock at the McCaulley Baptist Church. Officiating was the pastor, Rev. Gene Y. Brock, assisted by Rev. Gene Moore, pastor of Faith Methodist Church of Hamlin, and Rev. Calvin Bailey, pastor of the First Baptist Church of Hamlin.

Burial was in the McCaulley Cemetery under direction of Hamlin Funeral Home. Pallbearers were grandsons of the deceased.

Surviving the pioneer are six sons, Walter Faulkenberry of Rising Star, Ira Faulkenberry of Weatherford, Eldra Faulkenberry of Irving, Henry Faulkenberry of Lubbock, and Luchies and Claude Faulkenberry of Hamlin; two daughters, Mrs. H. A. (Cora) Barnes of Morton and Mrs. E. C. (Nannie) Barnes of Brownwood; 33 grandchildren and 75 great-grandchildren.

## Stored Grains Need Close Protection from Insects, Says Agent

Stored grain insects will take a heavy toll of Jones County's small grain crop unless farmers take precautionary measures to control them, according to County Agent Kirby Clayton.

Farmers storing small grain on farms should first spray the bins with a DDT solution and then treat the stored grain with a reliable fumigant to control the insects infesting the grain. County Agent Clayton recommends either a mixture of 25 per cent carbon tetrachloride and 75 per cent ethylene dichloride at the rate of three gallons per 1,000 bushels of grain for steel bins or six gallons per 1,000 bushels for wooden bins, or a mixture of four parts carbon tetrachloride and one part carbon disulphide at the rate of one and one-half gallons for steel bins and three gallons for wooden bins.

Before applying these fumigants farmers should be sure that grain bins are as air-tight as possible and a tarp should cover the top of the grain during the fumigation process. Grains should be fumigated every three or four months for best results.

To determine the number of bushels of grain in a grain bin, multiply the length by width by height of grain and multiply that figure by .8, Clayton advises.

### SHOWS IMPROVEMENT.

The press is full of favorable reports on "the new Nixon." Shows what a fellow can do when he's really determined to get rid of a vice.

new denominator of national strength—the human mind. Unless this resource receives continuous exercise, our presumptions of security are meaningless.

We are, therefore, faced with the challenge of devising a policy and a program assuring the nation the fullest mobilization of a resource which, among free men, is not responsive to directive and command.

That is the challenge. Mankind has never faced a greater one.

This young nurse looks quite professional in her Red Cross uniform. The apron and cap were made from wide cotton hags once used for packing flour. Cotton hags, which come in weight prints as well as white and solid colors, also provided the fabric for the sick doll.

## Cattle Owners Urged To Utilize TB Tests Being Offered Free

Owners of cattle in Jones County are being urged by the county agent and others cooperating in a concerted tuberculosis test for the livestock to cooperate in the effort to secure a modified tuberculosis-free accreditation for the county.

The service is being offered by a veterinary livestock inspector of the Department of Agriculture as a free service to owners of both dairy and beef cattle. Any cattle from a day old up may be tested under the project.

The inspector and the county agent are making an effort to contact all owners of cattle, but owners who have not been contacted may get in touch with Dr. Sid Allen through the county agent's office at Anson, according to Kirby Clayton, the county agent.

### BIG JOB AHEAD.

"I am sorry," said the dentist, "but you can't have an appointment. I have 18 cavities to fill."

Then he picked up his golf bag and went out.

The man looking for trouble does not have to take out a search warrant.

## Over 110 Attend Demonstrations on Control of Rabbits

Over 110 Jones County farmers turned out for the two rabbit control demonstrations held Tuesday of last week in the Corbith and Sinclair communities.

Sid Knight with the Rodent Control Service of Fort Worth was on hand to give the farmers the latest information on rabbit control. County Agent Kirby Clayton and Farm Bureau Service Officer Harris Wright introduced the specialist to the groups.

Knight explained to the groups of Jones County farmers that rabbits are a difficult pest to control during the spring months when plenty of green vegetation is available. However, the specialist did demonstrate the use of 1-12 poison maize and salt blocks containing salt and strychnine. Other methods of control were explained and demonstrated. Knight explained to the groups in closing that the best time to control jack rabbits is in the winter when vegetation is dead and rabbits will eat most any kind of bait or poison put out.

Over 100 pounds of poison maize was distributed to the groups. Additional poison will be available to farmers after Friday of this week through the county agent's office.

The specialist cautioned farmers that there is a chance of secondary poisoning for any animal which eats the poisoned rabbits.

The Herald has carbon paper.

## County Four-H Club Dress Revue and Clothing Workshop Set by HD Council

Members of the Jones County Home Demonstration Club Council met last Wednesday at Anson with 13 clubs represented, 24 members and six visitors present.

After roll call, visitors were recognized. Owing to the absence of the secretary, no minutes were read.

Chairman of the yearbook committee, Mrs. Glazener, took up the check-sheets which had been filled out by various clubs, to be

## Farewell Party for Mrs. Lennie Cochran Given by Phone Girls

Mrs. Lennie Cochran, service representative in the local business office of the telephone company for several years, was feted recently with a farewell party given by fellow employees in the home of Mrs. Jo Riddle.

Entertainment for the evening was provided by Bill Tidwell of Sweetwater, who showed colored moving pictures of his recent tour of service for the telephone company in Alaska.

The group presented Mrs. Cochran an electric percolator and other personal gifts as a farewell gesture. She is moving to Kermit with her family.

Guests registered in a telephone scrapbook compiled by fellow workers.

Refreshments were served to local friends and out-of-town guests from Rotan and Sweetwater.

Mrs. Cochran has been employed for the past six and one-half years in the Southwestern Bell Telephone Company business office, here and has accepted a transfer with the same company at Kermit. During her residence in Hamlin she has been active in various women's clubs and church work. Her husband, J. D. Cochran, is employed by Shell Pipeline Corporation and was transferred by that company to Kermit last

used in making up the yearbooks for another year.

Clubs which had not paid their \$1-per-month dues turned their money over to the treasurer.

Mrs. Maxey Harvey announced that July 20 to 26 will be Farm Safety Week and passed out some material prepared for 4-H Clubs but which would make good programs for Home Demonstration Clubs.

After club reports were given, it was announced that on June 26 at 2:00 p. m. there will be a leader training meeting on record keeping in the office of Mrs. Mary Newberry at Anson.

In Mrs. Newberry's absence Mrs. Maxey Harvey made the announcement for her that in the fall these would be a clothing workshop on basic sewing. This workshop is to be attended by leaders who, in turn, will carry it to their own clubs. She asked that each club find out how many members, or those not members, would be interested in having one of these workshops in their communities or several clubs together, and bring this information to Mrs. Newberry. House dresses only would be made.

The annual 4-H Club dress revue will be held in July, the time to be announced later.

Tuxedo club members told the council of the illness of one of the members, Mrs. Lou Polnac, who is in a Wichita Falls hospital taking cobalt treatments. Anyone wishing to write her may reach her at YWCA residence, Room 202, Wichita Falls, Texas.

The Bluebonnet Club reported the death of one of its members, Mrs. C. G. Rowell.

Delegates were elected to the state THDA meeting, which will be held at Austin on August 14, 15 and 16, at the Stephen F. Austin Hotel. Those elected to go are Mrs. Jack Fuqua of Avoca, Mrs. Elmer Joiner of Good Neigh, club and Mrs. Mary Bonneau of Goodman club. Alternates are Mrs. Case, Mrs. Lee Williams and Mrs. Ab Hunter.

**TO MARRY HAMLIN MAN**—Engagement and approaching marriage of Della Griffin (above) of Gainesville to Barton Henry Daniel of Hamlin has been announced. The wedding date has been set for August 1 in Odessa, where Miss Griffin has been teaching school. Daniel is the son of Mr. and Mrs. G. A. Daniel of Hamlin.

## Club Leaders of County Hear Agent Give Pointers on Keeping of Records

"Records and Places to Keep Them" was the demonstration given by Mary Y. Newberry, Jones County home demonstration agent, for family economics leaders of Home Demonstration Clubs. The meeting was Thursday afternoon in the agent's office in the courthouse at Anson. Sixteen attended.

The agent said: "The success of any business depends on how well its activities and details are planned, organized and carried out. Homemaking is the greatest business in the world, therefore, each home needs a convenient place

where the family can carry on the business activities of the home. Many valuable papers, records, receipts, cancelled checks, letters, leaflets and circulars must be kept if good business methods are used. Knowing and using good business methods will help families save time, do a better job of financial management, prevent costly mistakes, prevent loss of money and avoid legal difficulties."

The many different types of business centers were discussed. The good features of a business center and the equipment to be included in the center also were pointed out.

A metal family filing box was used to show the needed records and papers that each family should have in a safety deposit box or in a fire-proof box. Manila folders were used for filing the papers and records.

The leaders will go back to their own Home Demonstration Clubs and give the training received.

Those attending were Mrs. Ab Hunter, Mrs. Sol Branscum, Mrs. B. H. Gardner, Mrs. Cal McAninch, Mrs. Sam Hodges, Mrs. Warren Hilliard, Mrs. Mack Doty, Mrs. Jack Fuqua, Mrs. R. T. Taylor, Mrs. Ola Williams, Mrs. W. J. B. Ferguson, Mrs. Maxey Hurvey, Mrs. Howard Roberts, Mrs. George Hilliard, Deloris Hunter.

## Della Griffin, Odessa Teacher, to Marry Barton Henry Daniel

Announcement is being made by Mr. and Mrs. M. S. Griffin of Gainesville of the engagement and approaching marriage of their daughter, Della Griffin, to Barton Henry Daniel of Hamlin, son of Mr. and Mrs. G. A. Daniel.

The wedding will be an event of August 1 in the First Methodist Church in Odessa.

Miss Griffin was graduated from Madill, Oklahoma, High School and Southeastern State College of Durant, Oklahoma. For the past three years she has been employed as a teacher by Odessa Public Schools.

Young Daniel was graduated from Abilene High School and the University of Texas. He served in the Army Air Force four years during World War II and was discharged as a captain. He is still in the active Air Force Reserve and holds a major's commission. He is employed with the American Insurance Group as a safety engineer, with headquarters at Odessa.

## Gift Tea Given in Fowler Home for Mrs. Darrell Wheat

A gift tea hosted in the home of Mrs. Robert Fowler last Tuesday honored Mrs. Darrell Wheat, nee Brenda Hargrove. Co-hostesses were Mmes. S. C. Ferguson Sr., John Barnett, H. L. Tudor, Irvin Smith, Pete Bond, A. Spencer, Earl Smith, Gene Holcomb, Raymond Seifres, Don Elmore and J. D. Cochran.

Guests were greeted by Mrs. Fowler, who presented Mrs. Walker Hargrove, mother of the bride; the honoree; and Mrs. Bob Bailey, mother of the bridegroom.

Pink and white were the bride's chosen colors. She wore a pink lace sheath with a corsage of white carnations.

The table was covered with a pastel pink cloth centered with white hearts of net nestled in pink and white carnations flanked by pink tapers. Pink punch and white cookies dotted with pink flowers were served.

After registration in the bride's book, guests were directed into the two bedrooms to view the display of lovely gifts.

Others in the house party included Rebecca Ferguson, Judith Ford, Beth Cochran, Kay Milliron and Carolyn Barnett.

## Patsy Ann Ashton of Rotan Becomes Bride Of Doyle W. Brinegar

Double ring ceremonies united in married Patsy Ann Ashton of Rotan and Doyle Wayne Brinegar of Hamlin Friday evening in the chapel of the First Baptist Church at Rotan. Rev. Huron Polnac was the officiating minister.

The bride is the daughter of Mr. and Mrs. Ray Ashton of Rotan, and young Brinegar is the grandson of John V. Walker of Hamlin, with whom he had made his home during his childhood.

Linda Smith and Lynne Byerly presented traditional wedding music before the rituals. Tapers were lighted by Billy Ray Ashton, brother of the bride, and Howard Van Loon, Walter Miers was best man.

Maid-of-honor was Mary Lou Ashton, sister of the bride. She wore a gown of blue cotton designed with a pleated skirt. Her accessories were blue, and she carried pink carnations.

Given in marriage by her father, the bride wore a waltz length gown of nylon net over taffeta with bodice and overskirt. Her veil of French illusion fell from a scalloped lace cap embroidered with sequins and seed pearls. She carried a white orchid on a white Bible.

## 4-H Club Girls Attend Meeting to Plan for Workshop in Clothing

Twenty Anson 4-H Club girls and leaders attended a meeting in the home demonstration agent's office to make plans for a 4-H clothing workshop in Anson.

The 4-H adult leaders discussed color, lines, design, selection of material and sewing tools with the girls.

Monday was the date set for the next meeting of the workshop. Adults meeting with the group were Mrs. R. C. Huber, Mrs. Howard Roberts, Mrs. Woodrow Bagley and Mrs. Bernice Bradshaw.

Girls attending were Mary Ann Bennett, Sue Martin, Judy Gaine, Joyce Thomas, Judy Simmons, Pat Wade, Phylecia Roberts, Geneva Green, Lana Bradshaw, Josephine Lopez, Judy Moss, Cheryl Stephenson, Adelia Munoz, Linda Huber, Janice Huber and Zelda Agee.

## Program on Barbecue Pits Given at Meet of Friendship Group

A program on "Barbecue Pits" was presented when members of the Friendship Home Demonstration Club met last Friday afternoon at the oil mill guest house.

The vice president, Mrs. Gean Witt, had charge of a business session before the program. The club planned to send a gift to a patient at Abilene State Hospital.

Cold drinks and cookies were served to Mmes. Gean Witt, Richard Young, M. F. Green, John Hix, Fred Young and one visitor.

## Tea at Siburt Home Honors Bride-Elect, Anna Lou Fudge

A gift tea honoring Anna Lou Fudge, bride-elect of DeVaughn Corrigan, was given Monday evening in the Austin Siburt home. Hostesses were Mmes. R. E. Perry, H. R. Daniell, Eddie Jay, W. C. Seals, Art Carmichael, Art Newcomb, Lonnie Kidd and Austin Siburt.

In the receiving line were the bride-elect; Mrs. Herbert Stremmel of Sagerton, aunt of the bride-elect; Mrs. C. L. Stinnett, mother of the bridegroom-to-be; and Mrs. J. M. Stinnett of Anson.

The tea table was laid with a white cut-work linen cloth. The centerpiece was a bowl of Shasta daisies. Pink candles burned in crystal holders. Appointments were of crystal and silver. Garden flowers were used throughout the house.

Elizabeth Daniell ladled punch. Displaying the gifts were Linda Perry, Peggy Dodd and Montie Wade. Vonzell Hennington of Sweetwater registered the guests in the bride's book. Myra Siburt said the good-byes.

**VISIT FROM MIDLAND.** Mr. and Mrs. Charley Ward and son, Dale, of Midland spent Monday with Mrs. Ward's mother, Mrs. Marjory Griffin, and her grandparents, Mr. and Mrs. F. M. Crow.

**WHEN THE END COMES.** You can't tell if a man is a finished speaker until he sits down.

will live at College Station, where the bridegroom is a senior student at Texas A. & M. College. He is employed by National Geophysical Company for the summer months. He is a graduate of Hamlin High School, where he was active in school and Future Farmers of America work.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin.—Texas has a fairly new addition to its long and much-vaunted list of "firsts" and "mosts." But this one's no fun to brag about.

Texas has the greatest number of designated potential enemy bomb targets of any state in the union, says State Defense Coordinator William L. McGill.

This, added to Texas' long standing record of leading the nation in natural disasters, puts a heavy responsibility for defense preparedness on Texans, McGill told the annual State Defense Advisory Council conference in Austin.

Officially designated "aiming areas," as they are called, are Fort Worth, Dallas, Houston, San Antonio, Austin, Galveston, Beaumont, Port Arthur, Amarillo, El Paso, Corpus Christi, Laredo, San Angelo, Lubbock, Waco and Wichita Falls.

Others considered possible targets because of nearby military installations are Abilene, Beville, Big Spring, Brownsville, Bryan, Dalhart, Del Rio, Killeen, Marfa, Pecos, Pyote, Sherman, Victoria and Wink.

Texas has received a \$320,000 federal grant, conferees were told, to draw up a state survival plan. Several larger city plans are complete, and the state plan, a massive and complex think affecting the lives of millions, is due to be finished by December 31.

Rural residents cannot feel themselves invulnerable, the council was told. In case of a large scale bombing, it is felt likely that radio-active fallout would cover most of our terrain, contaminating crops, cattle, pasturage and ponds.

Under the present national civil defense plans, considerable responsibility for advance training and preparation rests with the individual family. Each would be responsible for feeding itself for the first two weeks of a post-disaster period. After that, state and local government would take over for two weeks, and after that, if necessary, the federal government would step in.

Persons or organizations wanting to obtain official civil defense information and study materials may write the State Defense and Disaster Relief Office, Capitol Station, Austin.

**Price Ads OK Again.**—In a rare reversal of one of its own rulings, the Texas Supreme Court has held it is not unlawful for optometrists to advertise the prices of their eye glasses.

Last spring the court upheld a temporary injunction issued by a Beaumont court prohibiting Lee Optical Company and others from advertising prices. The suit was brought by a competitor, Texas State Optical.

At issue was how to interpret a law passed by the Legislature in 1957 barring optometrists from advertising that is "fraudulent, deceitful, misleading . . . including statements of bias, discount, premiums, price, gifts . . ."

**FURNITURE — TV**  
**After Guys at Buie's**  
STAMFORD  
**APPLIANCES—TRACTORS**  
1958 Studebaker 5-passenger Sedan—\$1,895

In its more recent ruling the court decided, seven to one, that the apparent legislative intent, or sense of the thing, is only to prohibit price advertising that is false or misleading.

Effect of this is to knock out the injunction against Lee Optical.

**Hot Potato.**—Attorney General Will Wilson is being asked to give an official ruling on a highly controversial question.

It is whether Texas, under present law, can accept additional federal funds to extend the period of unemployment payments. Texas Employment Commission and Governor Price Daniel are asking for the opinion.

Pros and cons already have been the subject of heated discussion. A recently passed federal law would allocate to the state, funds to provide an additional 12 weeks of \$14-a-week payments to persons who had already come to the end of their 24-week benefit period. An estimated 60,000 Texans are in this category.

But, to receive this money, the state must repay the funds to the federal government. If it doesn't get the money by some other means, such as the normal accumulation during high employment periods, it would be pledged to raise the tax on employers after January 1, 1963.

Some argue that this would violate the constitutional prohibition against pledging the state's credit. Others say there is no obstacle since the state merely serves as a collecting and disbursing agent for the federal government, with no state money involved.

Spokesmen for organized labor have strongly urged that Texas enter into an agreement to receive extra money.

**Free Rides Eyed.**—State Auditor C. H. Cavness, watchdog of departmental spending practices, has questioned use of railroad and bus passes by Texas Railroad Commission employees.

Commission Chairman Olin Culberson declared the passes were used only for official business. Use of passes for state business is specifically authorized by law for certain commission employees. Cavness noted that 30 employees had passes and that some apparently had not traveled on state business during the past year. He said he felt it violated the new code of ethics law which prohibits a state employee's using his official position to receive special privileges.

**Holiday Heartache.**—Department of Public Safety predicts 28 Texans will die in traffic accidents during the July 4-5-6 holiday week-end.

Colonel Homer Garrison Jr., DPS director, said the highway patrol would do all in its power to make the prediction false. Every available patrolman will be on duty, plus extras from the licensing and weights and vehicle inspection divisions, to remove dangerous drivers from the roads. Beyond that, said Garrison, it's up to each driver to do his part by following the law to the letter and not trying to drive too long.

**New Assistants.**—Attorney General Will Wilson has named four new assistants to his department. Two, who will be on temporary assignment, are Clyde Kennelly

## KERRY DRAKE

of Rosenberg and Neal R. Allen of Amarillo. Kennelly is to be named Fort Bend County judge next January.

Other two appointees are Robert Hamilton Wells of San Antonio and Richard Owen Jones of Wichita, Kansas.

**Short Smarts.**—Payments to jobless Texans took another substantial drop, according to Texas Employment Commission's latest report. Total claims dropped from 80,220 to 76,889. It only looks bad if compared to the 33,432 claims of a year ago. . . Ben Jack Cagle and 143 other persons in

some way connected with the rise and fall of ICT Company are being sued in a Travis County district court for \$15,000,000. Suit was filed by V. F. Taylor, court appointed receiver for ICT, on behalf of ICT's 60,000 creditors.

### HAPPENS THAT WAY.

## Golfers from Hamlin Invited to Open House Of New Merkel Club

Hamlin area golfers and others are being invited this week to attend the opening of the new Merkel country club and golf course this week-end.

Nathan Wood, manager of the club, said the club's nine-hole golf course should be in condition for play by August 1.

Formal opening of the new club house, located one mile north of Merkel on the Hamlin highway, will be held Sunday afternoon. The air conditioned club house has large locker rooms with showers for both men and women golfers, and a 25x50-foot club room complete with wood-burning fireplace, TV set and snack bar. A complete kitchen will be added in the near future.

## Political Office Announcements

The Herald is authorized to announce the following candidates for public office, subject to the action of the Democratic primary election on Saturday, July 26, 1958:

**JONES COUNTY:**  
For State Senator, 24th District:  
DAVID W. RATLIFF  
ROBERT R. PATTERSON  
For State Representative:  
LEON THURMAN  
MICHAEL A. (MIKE) WASH  
For County Judge:  
H. G. ANDREWS JR.  
For County Superintendent:  
EVERETT BEAVER  
For Clerk of District Court:  
W. O. MCGINNIS  
ARDEN BEASLEY  
W. L. McDONALD  
For County Clerk:  
GENE SPURGIN JR.  
ROY THORN  
W. C. THOMPSON

**FISHER COUNTY**  
For Representative, 71st District:  
TEMPLE DICKSON  
For Commissioner, Precinct 2:  
JERRY CROWLEY  
For County Judge:  
BRUCE MCCAIN

**MODERN LIGHTING.**  
When singing "God Bless America" a little four-year-old girl sang it this way: "Stand beside her, and guide her, through the night with the light from a bulb."

Advertising is not a necessity; you can quit business.

**EDUCATOR DIES**—Dr. Umfrey Lee, 65, died in Dallas in his office at Southern Methodist University. Dr. Lee was a former president of the university and later chancellor. At the time of his death he was chancellor emeritus. Dr. Lee died from a cerebral hemorrhage.

## Another Pioneer, Mrs. Rumfield, 84, Passes Wednesday

Another pioneer of the Hamlin section, Mrs. Minnie Lee Hedges Rumfield, passed on her reward Wednesday evening at the Hamlin Memorial Hospital. She was 84 years of age, and had lived in Jones County for more than 60 years. Death came after only a brief illness.

Born April 3, 1874, at Smithfield, she was the daughter of Mr. and Mrs. Reuben Hedges. She married M. L. Rumfield at Smithfield on June 18, 1890, and the young couple moved to Jones County. She died June 29, 1940. She was a member of the Sunset Baptist Church of Hamlin.

Funeral services were conducted at the Hamlin First Baptist Church Friday afternoon at 4:00 o'clock. Officiating was the pastor, Rev. Calvin Bailey, assisted by the Sunset Baptist Church pastor, Rev. Derl Lee, and Rev. Charles Hedges.

Burial was in the Neinda Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Charlie Rumfield, Ericson Tabb, R. D. Rumfield, Sherman Cook, Randy Brown and Wayne Farmer.

Surviving the octogenarian are two sons, R. O. Rumfield of Elfrid, Arizona, and H. A. Rumfield of Hamlin; five daughters, Mrs. Jake Farmer of Stamford, Mrs. Wray Boyd, Mrs. Monroe Tobbs, Mrs. Charlie Shipman and Mrs. Cecil Brown, all of Hamlin; 27 grandchildren, 45 great-grandchildren and 14 great-great-grandchildren.

**SAME OLD STUFF.**  
A busy school superintendent told his secretary that he would be very busy during the afternoon and didn't want to see any callers.

"If they say their business is important, just tell them 'That is what they all say.'"

During the afternoon a lady called and insisted on seeing the superintendent. Finally she explained, "I am his wife."

The secretary smilingly replied, "That is what they all say."

Mother—"Now, Junior, be a good boy and say 'Ah-h-h' again so the doctor can get his finger out of your mouth."

## Lakeview Golf Course Open for Day Play

Growing numbers of visiting golfers continue to come to Hamlin to utilize the facilities of the Lakeview Golf Club, according to Joe League, club president.

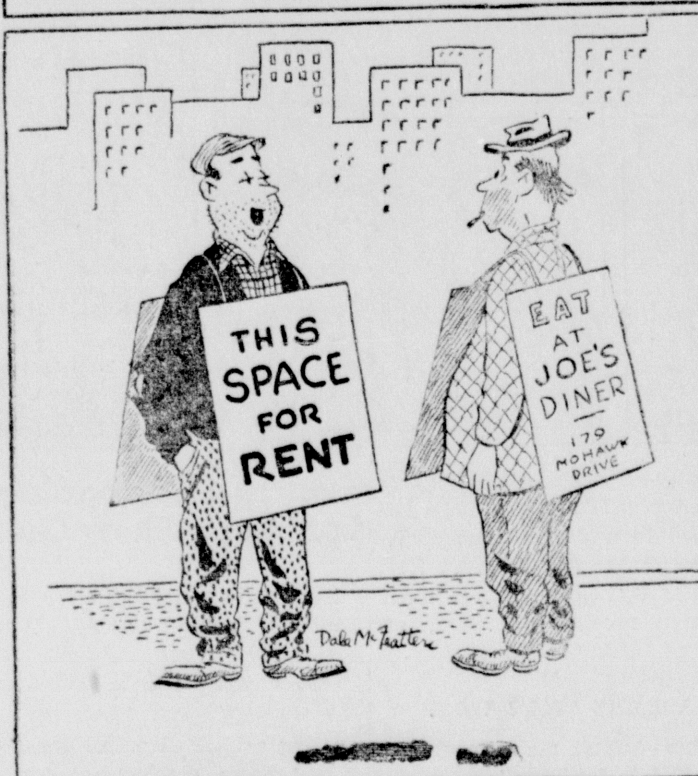

The nine-hole course is in the best condition it has been in its history, with beautifully sodded putting greens setting off each cup.

The course is open to all visitors on a green fee basis, League declares, as well as to members of the club.

## Newberry Twins Continue to Lead Batting Averages in Little League Race

The Newberry boys—Dan and Van, twin sons of Mr. and Mrs. B. V. Newberry—continued to hold the batting average lead for boys in the Little League baseball race after five weeks of play. Dan had an average of .567 after 30 times at bat and Van's average was .515 after 33 times at bat.

Other top-notch batters were George Smith, a member of the Braves team along with the Newberry twins, whose average was .455; Butch Holland of the Yankees with .405 and Royce Stone, also of the Yankees, with .500.

Complete table of batting averages of all the boys after five weeks of play follow:

YANKEES				
Player—	AB	Hits	Avg.	
Jim Bonds	0	0	.000

## Yankees Take Over Lead in Standings of Little League Loop

The Yankees took over the lead in the four-team Little League baseball loop during last week's play, replacing the Cardinals who had been on the top rung for several weeks. Standing of the four teams after five weeks of play, including last week's games, follow:

Team—	P.	W.	L.	Pct.
Yankees	7	4	1	.625
Braves	6	4	2	.583
Cardinals	6	5	2	.538
Giants	3	9	1	.269

**Results Last Week.**  
Monday—Yankees 6, Cardinals 2.  
Tuesday—Braves 22, Giants 4.  
Thursday—Braves 17, Cardinals 0.  
Friday—Yankees 17, Giants 4.

**VISITS IN CALIFORNIA.**  
F. M. Crow returned Tuesday from Escondido, California, where he visited with a daughter and her family, Mr. and Mrs. O. M. Hartley and son, Tommy Joe. He also visited a brother-in-law and family, Mr. and Mrs. Frank Chism.

## Rotary Club Hears Talk on Laborers By TEC Official

Texas Employment Commission performs many functions which the average layman does not know about, it was revealed last Wednesday noon at the weekly luncheon meeting of Hamlin Rotary Club when it met at the oil mill guest house. Impromptu speaker on the operations of the TEC was Charles Briggs of Midland.

Briggs explained that, aside from acting as liaison office between laborers and employers, the commission helps contemplate the needs of employment in various sections of the state and prorate laborers for planting, cultivating and harvesting crops; see that proper wages are maintained for the laborers; check on handling of social security and retirement affairs; seeing that proper housing is arranged for influx of big groups of workers, etc.

Tate May and Bowen Pope, long time Rotarians, spoke on the forthcoming officer installation meeting this Wednesday noon.

Besides Briggs, other guests at the Wednesday luncheon included Ed Ireland of Sweetwater, J. M. McDaniel of Abilene, K. K. Francis and W. M. Blackburn of Stamford, Burton Shelton of Haskell, John H. Fields of Lancaster, California, and John Doggett.

## SHOWING GOOD TACT.

A good wife laughs at her husband's jokes—not because they are clever, but because she is.

## CITATION BY PUBLICATION

The State of Texas. To Mary Page, if living, and if deceased, then the heirs and unknown heirs, assignees, devisees and legal representatives of Mary Page, deceased, and legal representatives of Mary Page, deceased, and all unknown owners, defendants—Greeting:

You are commanded to appear before the Honorable County Court of Jones County, at the City Hall in Hamlin, Texas, at or before 10:00 o'clock a. m. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 21st day of July, A. D. 1958, then and there to answer plaintiff's petition filed in said court on the 6th day of June, A. D. 1958, in this cause, numbered on the docket of said court and styled State of Texas, plaintiff, vs. Mary Page, et al, defendants.

A brief statement of the nature of this suit is as follows, to-wit: To condemn for highway purposes the south 10 feet off of Lot 1, Block 72, Hamlin Townsite Addition to Hamlin, Texas, as recorded in Volume 14, Pages 50-52 of the Plat Records of Jones County, Texas, and lying between centerline chaining station 53/00.96 and 54/00.96 of State Highway 92 and contains 0.032 acres, more or less, as is more fully shown by plaintiff's petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said court, at office in Anson, Texas, this 6th day of June, A. D. 1958. Attest: Gene Spurgin Jr., Clerk, County Court, Jones County, Texas. By Louise Childs, Deputy.

## CITATION BY PUBLICATION

The State of Texas. To A. P. Dennis, if living, and if deceased, then the heirs and unknown heirs, assignees, devisees and legal representatives of A. P. Dennis, deceased, and all unknown owners, defendants—Greeting:

You are commanded to appear before the Honorable County Court of Jones County, at the City Hall in Hamlin, Texas, at or before 10:00 o'clock a. m. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 21st day of July, A. D. 1958, then and there to answer plaintiff's petition filed in said court on the 6th day of June, A. D. 1958, in this cause, numbered on the docket of said court and styled State of Texas, plaintiff, vs. A. P. Dennis, et al, defendants.

A brief statement of the nature of this suit is as follows, to-wit: To condemn for highway purposes the north 10 feet off of Lot 7, Block 82, Hamlin Townsite Addition to Hamlin, Texas, as recorded in Volume 14, Pages 50-52 of the Plat Records of Jones County, Texas, and lying between centerline chaining stations 43/00.96 and 44/00.96 of State Highway 92 and contains 0.032 acres, more or less, as is more fully shown by plaintiff's petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said court, at office in Anson, Texas, this 6th day of June, A. D. 1958. Attest: Gene Spurgin Jr., Clerk, County Court, Jones County, Texas. By Louise Childs, Deputy.

**HONOR BY TECH**—Charles C. Thompson, prominent Colorado City civic and business leader, is one of two West Texas Tech will honor with honorary degrees at its June 2 commencement. Texas Tech directors at a meeting in Lubbock decided to so honor Thompson and Houston Harte, publisher of The San Angelo Star-Times. Thompson served on the Texas Tech board of directors for more than 19 years.

## PROPER THING.

Farmer Cornsall retired and moved to the city. In the morning, after spending the first night in the new home, his wife said, "Well, Pa, ain't it about time you was gettin' up to build the fire?"

"Nope, not me," he replied. "We might a swell git used to these city conveniences right from the start. I'll call the fire department."

# FOR A GRAND AND GLORIOUS FOURTH

## Celebrate with Safety!

Yes, the Fourth of July means a good time for all . . . youngsters and oldsters alike. And, you know, the meaning in back of Independence Day is pretty wonderful. Most of us just take independence and freedom for granted, but maybe this year it would be a good idea to pause and give a little thought about how great it is . . . and how fortunate we are . . . to be Americans!

Right here in Hamlin, for example, we enjoy things that the peoples of many other nations never thought existed. Being able to read and say what we please . . . worship as we please . . . work at a job where enthusiasm and ability pay off . . . buy food and clothing and automobiles and anything else we might need or want are privileges that have been handed down by our forefathers. They fought to get them . . . and fight to keep them!

It all adds up to this: Our America . . . and our community . . . are the greatest places on earth. Let's never ever forget it. Have a good and careful time this Fourth of July!

"We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain inalienable rights, that among these are Life, Liberty and the pursuit of Happiness."

From the Declaration of Independence, adopted by the Continental Congress, July 4, 1776.

This patriotic page sponsored by the following Hamlin business firms, which will observe Independence Day by closing all day Friday, July 4th:

## New Bread Standards Designed to Protect Purchaser Go in Effect July 1

New bread standards go into effect July 1, to assure that you get the kind of bread you pay for, reminds Dr. Henry A. Holle, commissioner of the Texas State Department of Health, to people of the Hamlin territory.

After that date, if you buy a loaf of cinnamon-raisin bread and it does not have raisins in it, the baker is subject to action.

The standards will require all bread and rolls to be properly labeled so as to truthfully reflect their ingredients and nutritious qualities.

Patterned after federal food standards, they will be administered by State Health Department's food and drug division. A majority of the baking industry fully supports the standards.

Labeling means much more than a colorful wrapping around a loaf of bread. It includes, among other things, the advertising claims made by the baker for his product.

A food is misbranded when its labeling is false or misleading in any particular, if it is offered for sale under the name of another food, or if it is an imitation of another food (unless its label bears in prominent type the word

"imitation") and immediately thereafter the name of the food imitated).

Bread is also mislabeled if it purports to be or is represented as a food for which a "standard of identity" has been described and it fails to conform to that standard.

Standards not only protect consumers in the market place; they also protect honest manufacturers by assuring fair competition. The consumer may select and serve standardized foods with complete confidence in their composition and integrity.

The law's basic requirements for clean handling, informative labeling and no adulteration gives consumers an insight into the purity, wholesomeness and nutritious quality of the product.

Bread labels must show net weight or numerical count of the product, such as "net weight, one pound," or "one dozen doughnuts," and the name of the product such as "Smith's Enriched Bread" or "Jones' Raisin Bread."

While there are no specific requirements as to type size, the standards do provide that the label shall be considered false if the information is not prominently displayed.

## Embrey and Dutton Families in Reunion At Brady Sunday

Richards Park at Brady was the scene Sunday of the annual Embrey and Dutton family reunion, which was attended by a number from Hamlin.

Visiting, feasting, picture making and other events featured the gathering.

Those attending the get-together included: Mr. and Mrs. Clyde Abbott, Donnie Abbott, Charlie Embrey, Jimmie Embrey, Mr. and Mrs. Wayne Head, Armer Lee Embrey and Mrs. Homer Embrey, all of San Antonio; Mrs. Henry Embrey and Arthur Lee Embrey of Hondo; Bobbie Robertson of Eagle Pass; Mr. and Mrs. Roy Embrey, Barbara Ann Embrey, Mr. and Mrs. Calvin Embrey, Donnie and Sharon Embrey, Mr. and Mrs. James W. Carter, Beverly Ann Carter, all of Hamlin.

Rain and high water prevented several from getting to the reunion, it was learned.

Rubber bands at The Herald.

played in such a manner that it can be easily read.

You, as a consumer of bread and rolls, can help make the new standards work by carefully reading the label on the bread you buy.

YOUNG COWBOY?—Jacinto Mata, who says he is 115 years old, is shown on his horse as he prepares to round up 25 cows which he does daily at San Juan. He says he has outlived two wives and 14 of 17 children.

## Uncle Sam Printing New Stamps and Postal Cards for New Rates August 1

Hamlin area residents and those of the rest of the country will have to become accustomed to a new series of postage stamps when increased postal rates go into effect next August 1.

The increases will affect letter mail, air mail, postal cards, as well as second, third and fourth class mailings.

A three-cent stamp no longer will be enough to carry a first class letter. The new rate will be four cents. The six-cent air mail stamps also will be insufficient, since the new air mail rate is seven cents.

Stamped envelopes in these denominations also will lack one cent of the required value after August 1.

Also involved are the two-cent postal card, since the new rate will be three cents, and the five-cent air mail postal card also will lack one cent of the new six-cent rate.

The four-cent stamp for first class mail is lavender in color and bears a portrait of Abraham Lincoln. This is not a new issue, being one of the Liberty series of stamps now in stock in all post offices.

A newly designed seven-cent air mail stamp will go on sale.

Stamped envelopes also will carry four-cent and seven-cent values after August 1, and postal cards will carry three cents and air mail postal cards six cents postage.

The government already is printing them, and the Post Office Department says that all of the 36,805 post offices will be supplied. The department estimates, incidentally, that in the course of the first year of the new rates about 9,000,000,000 of the four-cent Lincoln stamps and 650,000,000 seven-cent air mail stamps will be used.

What about three-cent and six-cent stamps and stamped envelopes and cards bearing the old values? The Post Office Department expects that many postal patrons will combine one-cent stamps with their three-cent stamps and three-cent stamped envelopes for first class mail; with their six-cent air mail stamps and six-cent stamped air mail envelopes, and with the two-cent postal cards and five-cent air mail postal cards.

Postal authorities anticipate a big demand for the green colored one-cent George Washington stamp for just such purposes, and an additional supply of these stamps is being printed prior to August 1.

APPEARS THE SAME.

Nothing annoys a woman so much as having her friends drop in unexpectedly to find the house looking as it usually does.

## Cotton Insects in Section Becoming More Prevalent

Increasing infestations of insects in cotton of the state as a whole, plus growing numbers of insects in the Hamlin section, are reported in the weekly cotton insect situation report to The Herald from the Texas Agricultural Extension Service in cooperation with the plant pest control branch of the U. S. Department of Agriculture.

Highlights from the general state insect report, with special paragraphs about the Northwest Texas area, of which the Hamlin section is a part, are given below:

Thrips infestations were reported generally light in all areas except South Central, North Central and Central, where thrips infestations ranged from medium to heavy. Fleahoppers were light to heavy in Coastal Bend, Southwest, Upper Coastal, South Central, East, Central, Northeast, North Central, West Cross Timbers.

Bollworms and boll weevils were reported generally light to medium from infested areas. Hopper infestations were reported heavy in the Northwest area and in some cases severe outbreaks have been reported. Scattered infestations of pink bollworms were reported from Upper Coastal and South Central areas. Other pests such as aphids, spider mites, stink bugs, square borers, lygus bugs and cabbage loopers were not causing too much damage.

In the Northwest Texas report thrips infestations ranged from light to medium in Wilbarger, Cottle, King, Coleman, Knox, Runnels and Jones Counties. Fleahopper infestations ranged from light to medium in Kent, Wilbarger, Cottle, King, Coleman, Knox and Runnels Counties.

Bollworm and weevil infestations were reported light from Coleman and Jones Counties. Infestations by grasshoppers were reported heavy and in some cases severe in Wilbarger, Cottle, King, Coleman, Knox, Runnels, Jones, Hall and Kent Counties.

NOBODY GUILTY.

The police suddenly raided a card game and found four men seated around a table. The policemen took the men one at a time.

"Okay," they said to one man, "you're breaking the law gambling."

"Who, me?" the man said indignantly. "I just sat down here to talk baseball."

"You're breaking the law gambling here," the policeman said to the second man.

"Who, me?" the man retorted. "I'm a stranger here myself."

The third man was dragged out and over. "You're playing cards, too," the cops shouted.

"What's all this about cards?" the man yelled. "I'm not playing a taxi to take me to the train."

But the fourth man was still of cards in his hand when they brought him in. "Anyhow," the policeman said, "you're playing cards."

"Me?" the guy said. "Playing cards? With whom?"

## Hamlin Memorial Hospital

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. G. M. Bond, medical, June 22; Mrs. G. P. Wright, medical, June 22; Henry Zombrano of Anson, medical, June 23; Marcus Martinez of Anson, medical, June 23; Bill Cork, medical, June 23; Mrs. J. H. Gruben of Rotan, medical, June 23; Mrs. F. M. Perry of Aspermont, June 23; Anna Mae Childress, medical, June 23; Mrs. J. W. Maberry, medical, June 22; A. J. Winegart, medical, June 19; J. C. Marshall, medical, June 19; C. E. Keiner of Stamford, medical, June 25; Sandra Kay Helms, medical, June 24; Ira Clements, medical, June 24; Mrs. J. W. Griffin, medical, June 26; Mrs. Cliff Crowley, medical, June 27; Mrs. Cullen George, medical, June 28; Margaret Pickens of Louisville, Tennessee, June 28; H. C. McElvay of Sylvester, medical, June 28; Teresa Josey, medical, June 28; Mrs. Pearl Fannin, medical, June 28.

Patients Dismissed—Mrs. J. O. Faulkenberry, June 26; Mrs. H. Boiles, June 26; A. C. Tidwell, June 23; Mrs. Larry Coate, June 23; Mike Schubert, June 22; Mrs. Pearl Cullum, June 23; Mrs. Flora Carter, June 23; Will Address, June 23; Mrs. C. G. Viertel, June 27; Mrs. M. S. Johnston, June 23; Glen Winslett, June 23; Mrs. R. B. Furr, June 26; Mrs. G. M. Bond, June 25; Mrs. G. P. Wright, June 26; Henry Zombrano of Anson, June 23; Marcus Martinez of Anson, June 23; Bill Cork, June 27; Mrs. J. H. Gruben of Rotan, June 28; Mrs. F. M. Perry of Aspermont, June 26; Anna Mae Childress, June 29; Mrs. J. W. Maberry, June 22; A. J. Winegart, June 21; J. C. Marshall, June 27; Sandra Kay Helms, June 28; Mrs. C. E. Keiner of Stamford, June 26; Mrs. Cullen Pickens of Louisville, Tennessee, June 29; H. C. McElvay of Sylvester, June 29.

## Jones County Is Fifth in Purchases Of Bonds in Area

During the first five months of this year the citizens of Jones County purchased \$213,373 in Series E and H United States savings bonds. This announcement was made this week by A. C. Humphrey, chairman of the Jones County savings bonds committee.

"We have now achieved 45 per cent of our 1958 goal of \$476,000," Chairman Humphrey reported. During the first five months of this year Texans increased their purchases of savings bond 4.3 per cent. Nationally the sales have increased eight per cent during this period.

Texas sales for the first five months of this year were \$75,816,519, which represented 43.3 per cent of the 1958 goal of \$175,000,000. This increase in sales is a result of efforts of the savings bonds volunteers who are conducting share-in-America campaigns in most of our major cities and counties throughout the Lone Star State.

In the District 35 group, Jones County was fifth in percentage of its goal purchases during the five-month period. Sales by counties and percentage of goals follow:

County	Sales	% of Goal
Callahan	\$71,755	\$209,000 34.3
Eastland	354,391	509,000 69.9
Fisher	21,316	108 19.7
Haskell	133,911	314,000 24.6
Jones	214,373	476,000 45.0
Nolan	202,506	401,000 50.5
Shackelford	129,814	230,000 56.4
Stephens	129,680	442,000 29.3
Taylor	726,919	1,380,000 52.6

District 35, \$1,984,869 \$4,067,000 52.6

This Engraved Card is your Invitation to the Wedding

THE ADS IN THIS NEWSPAPER ARE YOUR INVITATIONS TO SHOP IN THE LOCAL STORES

You wouldn't attend the wedding without an invitation. For the invitation lets you know you're wanted. By the same token, you can be sure that the store that advertises the store that invites you to come in and shop will give you the treatment and service you want. It is well to remember, too, that the store's advertisement saves you valuable shopping time, by informing you of the products it sells, well in advance of your visit.
